ITEM NO.5

1.0 BACKGROUND

1.1 Members will recall that Sefton's Statement of Gambling Licensing Policy followed the recommended delegation of functions contained within the Gambling Commission Guidance which was issued under Section 25 of the Gambling Act 2005.

1.2 In effect this means that where there are no relevant representations to an application, for the grant of a Premise Licence or a Permit, then these matters are dealt with by Officers. This ensures that decisions and functions, particularly for non-contentious applications and purely administrative functions, are taken or carried out in a speedy, efficient and cost-effective way.

1.3 It is considered best practice that, where powers have been delegated as above, Licensing Committees should receive regular reports on decisions made by Officers in order that they may maintain an overview of the general gambling situation.

2.0 NUMBERS DETERMINED

2.1 During the period 10th November 2007 to 8th February 2008 the following number of applications have been determined:

- Applications made under Licensed Premises Gaming Permits **8**
- Notifications given for Licensed Premises Automatic Gaming **14**
- Applications made under Club Machine Permits **1**

2.2 Details of the above determinations are attached within the Annex to this Report.
