LIST OF BACKGROUND PAPERS RELIED UPON IN THE PREPARATION OF THIS REPORT

Report to Cabinet dated 10th June 2010 entitled 'REECH (Renewable Energy and Energy Efficiency in Community Housing) Programme'

Agenda Item 15

1. Supplementary information.

The REECH project was approved by the North West Development Agency last month but at the time of writing the formal Offer Letter has not been issued. Officers have discussed the content of the offer letter which is now in preparation and can confirm that this is to be in accordance with the terms and conditions standard for ERDF funding.

Members are also asked to note that revenue match from Sefton of £413,862, as proposed within the report, is to be spread equally over the three year period of the programme on an in kind basis from the resources available to the Economic Development (ED) Department and is to be contained within the financial plans drawn up for the ED Review.

In kind contributions in the form of staff costs have also been confirmed in writing from partners in the sum of £200,000.

The additional benefits which Sefton accrues as Lead for this programme include enhancement of local supply chains, development of local expertise and enhanced revenue income to offset existing staff costs.
