LIST OF BACKGROUND PAPERS RELIED UPON IN THE PREPARATION OF THIS REPORT

Planning Fees and Charges 2009-10
 Environmental Information Regulations

Agenda Item 13

BACKGROUND:

1. The Committee will be aware that each year those fees and charges levied by individual departments are reviewed and increased (where appropriate) to reflect current service delivery costs, national guidelines and/or inflation.
2. In 2004, Cabinet requested that any other amendment to fees and charges be referred for approval prior to implementation.
3. Some of the services of the Planning & Economic Development Department have been transferred to other Portfolios so charges previously included for these areas have been removed from the list.
4. Attached at Annex A is a summary of those fees and charges included within the Planning and Technical Services portfolios, together with proposed increases in charges. Changes made to the list include :
 - The service charge has been aligned with the cost of supply of environmental information.
 - Inflationary increases of 4.6% (based on RPI average for 2010)
5. It is proposed that fees and charges be increased to reflect inflationary pressures and national guidelines where appropriate.

Land Charges Fees

6. The Environmental Information Regulations 2004 provide for the information given in land searches to be made available for inspection free of charge. Facilities have been put in place for personal searchers to access the land charges and highways registers at Sefton Plus and building regulation registers, environmental protection notices and highways information at Magdalen House, and planning information is available on Sefton's website.
7. It is anticipated that charging for land charge searches will be overtaken by the provisions of the Environmental Information Regulations in that the Council is only able to make reasonable charges for information which it may be requested to provide to clients in a tailored format and must not make a profit from this work. Work is now underway to collate information in respect of costs for the service and fees for land searches will be set to reflect this.
