

MEETING: CABINET URGENT BUSINESS COMMITTEE
DATE: Monday 17th October, 2011
TIME: 2.00 pm
VENUE: Town Hall, Bootle

Member

Councillor

Councillor Maher (Chair)
Councillor Parry
Councillor Robertson

COMMITTEE OFFICER: Steve Pearce
Head of Committee and Member Services
Telephone: 0151 934 2046
Fax: 0151 934 2034
E-mail: steve.pearce@sefton.gov.uk

The Cabinet is responsible for making what are known as Key Decisions, which will be notified on the Forward Plan. Items marked with an * on the agenda involve Key Decisions

A key decision, as defined in the Council's Constitution, is: -

- any Executive decision that is not in the Annual Revenue Budget and Capital Programme approved by the Council and which requires a gross budget expenditure, saving or virement of more than £100,000 or more than 2% of a Departmental budget, whichever is the greater
- any Executive decision where the outcome will have a significant impact on a significant number of people living or working in two or more Wards

If you have any special needs that may require arrangements to facilitate your attendance at this meeting, please contact the Committee Officer named above, who will endeavour to assist.

This page is intentionally left blank.

A G E N D A

Items marked with an * involve key decisions

<u>Item No.</u>	<u>Subject/Author(s)</u>	<u>Wards Affected</u>
1.	Apologies for Absence	
2.	Declarations of Interest Members and Officers are requested to give notice of any personal or prejudicial interest and the nature of that interest, relating to any item on the agenda in accordance with the relevant Code of Conduct.	
3.	Minutes Minutes of the meeting held on 10 August 2011	(Pages 5 - 6)
* 4.	Joint Merseyside and Halton Waste Development Plan Document: Council Approval of Publication Waste DPD Report of the Director of Built Environment attached. This report was referred by the Cabinet on 13 October 2011 to this Committee for determination. The Director of Built Environment will circulate a supplementary report at the meeting.	Derby; Linacre; Netherton and Orrell; Norwood (Pages 7 - 18)

This page is intentionally left blank

THIS SET OF MINUTES IS NOT SUBJECT TO "CALL IN"

CABINET URGENT BUSINESS COMMITTEE

MEETING HELD AT THE TOWN HALL, BOOTLE ON WEDNESDAY 10TH AUGUST, 2011

PRESENT: Councillor P. Dowd (in the Chair)
Councillors Parry and Robertson

6. APOLOGIES FOR ABSENCE

No apologies for absence were received.

7. DECLARATIONS OF INTEREST

No declarations of interest were received.

8. MINUTES OF PREVIOUS MEETING

RESOLVED:

That the Minutes of the meeting of the Committee held on 17 June 2011 be confirmed as a correct record.

9. ACADEMY CONVERSION AGREEMENTS

Further to Minute No.11 of the meeting of the Overview and Scrutiny Committee (Children's Services) held on 9 August 2011, the Committee considered the report of the Strategic Director - People that sought authorisation for officers to sign the documentation required by the Government's academy conversion process.

The report indicated that the conversion of schools to academies was a statutory process under the Academies Act 2010; that the Secretary of State for Education had made Academy Orders in respect of seven schools in Sefton namely:-

Birkdale High School (conversion date August 2011)
Chesterfield High School (conversion date October 2011)
Deyes High School (conversion date September 2011)
Formby High School (conversion date September 2011)
Greenbank High School (conversion date November 2011)
Maghull High School (conversion date October 2011)
Range High School (conversion date October 2011)

that the Orders provided that on the conversion date, the schools in question would become academies and cease to be maintained by the Local Authority; and that the principal issues relating to the conversion were the transfer of staff, the transfer of land and the transfer of assets and contracts. It was proposed that these issues be dealt with in two documents, a Commercial Transfer Agreement and a Lease Agreement

Agenda Item 3

CABINET URGENT BUSINESS COMMITTEE- WEDNESDAY 10TH
AUGUST, 2011

and the report detailed the advantages to the Council of entering into such agreements.

RESOLVED: That

- (1) the statutory requirements regarding academy conversion be noted;
- (2) the Director of Young People and Families and the Head of Corporate Legal Services be authorised to complete the necessary agreements required as part of the academy conversion process for the schools currently seeking academy conversion;
- (3) it be noted that the proposal was a Key Decision but, unfortunately, had not been included in the Council's Forward Plan of Key Decisions. Consequently, the Chair of the Overview and Scrutiny Committee (Children's Services) has been consulted under Rule 15 of the Access to Information Procedure Rules of the Constitution, to the decision being made by the Cabinet (Urgent Business Committee) as a matter of urgency on the basis that it was impracticable to defer the decision until the commencement of the next Forward Plan because of the timescales determined by the academy process; and
- (4) it be noted that the Chair of the Overview and Scrutiny Committee (Children's Services) had given his consent under Rule 17 of the Scrutiny Procedure Rules for this decision to be treated as urgent and not subject to "call-in" on the basis that they cannot be reasonably deferred because the timescales dictated by the academy conversion process for Birkdale High School, which are beyond the control of the Council require the resolution to be acted upon immediately following the meeting; that the Council, in order to minimise the risk to it upon the proposed conversion of Birkdale on 17th August, is required to establish commercial transfer and lease agreements with the school; and that the report considered by the Cabinet (Urgent Business) Committee on 10th August 2011 will have been 'pre scrutinised' by the Overview and Scrutiny Committee (Children's Services) on 9th August 2011.

Agenda Item 4

Report to:	Planning Committee Overview & Scrutiny (Regeneration and Environmental Services Cabinet Council	Date of Meeting:	24 August 2011 20 September 2011 13 October 2011 27 October 2011
-------------------	---	-------------------------	---

Subject: Joint Merseyside and Halton Waste Development Plan Document: Council Approval of Publication Waste DPD

Report of: Director Built Environment **Wards Affected:** Linacre, Derby, Netherton and Orrell, Norwood

Is this a Key Decision? Yes

Is it included in the Forward Plan?
Yes

Exempt/Confidential

No

Purpose/Summary

- (i) For Members to note the results of public consultation on the Merseyside and Halton Joint Waste Development Plan Document Preferred Options 2 (New Sites Consultation) Report which was undertaken between May and June 2011.
- (ii) To seek District approval of the Publication Waste Development Plan Document and a final 6-week consultation at the end of 2011.
- (iii) To also seek approval to move to Submission Stage early in 2012.
- (iv) To set out the final steps to adopt the Waste DPD.

Recommendation(s)

- 1) To note the results of consultation on the Waste Development Plan Document Preferred Options 2 (New Sites Consultation) Report.
- 2) That Council be recommended to approve the Publication Document for the final six-week public consultation commencing late in 2011 followed by Submission to the Secretary of State.
- 3) That Council be recommended to grant delegated authority to District officers within the Waste DPD Steering Group to make the necessary typographical changes to the Publication Document prior to submission of the Waste DPD and for any more substantial changes to be reported to Members through the appropriate scheme of delegation prior to Submission.
- 4) That Council be recommended to approve the spatial distribution of one sub-regional site per district.

Agenda Item 4

How does the decision contribute to the Council’s Corporate Objectives?

<u>Corporate Objective</u>		<u>Positive Impact</u>	<u>Neutral Impact</u>	<u>Negative Impact</u>
1	Creating a Learning Community		✓	
2	Jobs and Prosperity		✓	
3	Environmental Sustainability		✓	
4	Health and Well-Being		✓	
5	Children and Young People		✓	
6	Creating Safe Communities		✓	
7	Creating Inclusive Communities		✓	
8	Improving the Quality of Council Services and Strengthening Local Democracy		✓	

Reasons for the Recommendation:

To authorise publication of the Waste DPD for a six week consultation and submission of the Waste DPD to the Secretary of State. This matter is reserved for determination by the Council in accordance with Section 4 of the Constitution.

What will it cost and how will it be financed?

(A) Revenue Costs

Budgetary provision for completion of the Waste DPD has been identified from within the Planning Service budgets during 2011/12 and 2012/13 to cover the following cost elements:

- Examination in Public (£25,000)
- Implementation and Monitoring of the Plan – (£3,500 per annum from April 2013)

(B) Capital Costs

None

Implications:

The following implications of this proposal have been considered and where there are specific implications, these are set out below:

Legal - The legal implications are contained within the body of the report.		
Human Resources None		
Equality		
1.	No Equality Implication	<input checked="" type="checkbox"/>
2.	Equality Implications identified and mitigated	<input type="checkbox"/>
3.	Equality Implication identified and risk remains	<input type="checkbox"/>

Impact on Service Delivery:

None

What consultations have taken place on the proposals and when?

The Head of Corporate Finance (FD905) and Head of Corporate Legal Services (LD 265/11) have been consulted and any comments have been incorporated into the report.

Are there any other options available for consideration?

No. As a Waste Planning Authority Sefton has a statutory duty to produce a Waste DPD.

Implementation Date for the Decision

Following the expiry of the “call-in” period for the Minutes of the Council

Contact Officer: Steve Matthews

Tel: 0151 934 3559

Email: steve.matthews@sefton.gov.uk

Background Papers:

There are no background papers available for inspection.

Agenda Item 4

1. Introduction/Background

- 1.1 Government planning policy, the National Waste Strategy and Regional Spatial Strategy all require Development Plan Documents to address sustainable waste management. Through Planning Policy Statement 10 (Planning for Sustainable Waste Management) the Merseyside Districts are required to put in place a planning framework that identifies the locations for new waste management infrastructure to meet the identified needs of that Council or a group of Councils.
- 1.2 In 2005, Leaders agreed that the waste planning matters for the sub-region would most effectively be addressed through formal collaboration in preparing a Joint Waste Development Plan Document (Waste DPD). Consequently, the six Merseyside Authorities of Halton, Knowsley, Liverpool, Sefton, St. Helens and Wirral have entered into a joint arrangement to prepare the Waste DPD. It is the sub-region's first joint statutory land use plan and will guide future development of waste management and treatment facilities across Merseyside and Halton.
- 1.3 The Waste DPD is primarily focused on (i) providing new capacity and new sites for waste management uses and (ii) delivering a robust policy framework to control waste development.
- 1.4 The scope of the Waste DPD is to deal with all controlled waste including commercial and industrial, hazardous, construction, demolition, excavation and municipal waste. Waste management requirements include reception, recycling, treatment and transfer activity all designed to minimise amount of the waste requiring final disposal. This amounts to between approximately 4.5 million tonnes of material each year. Of that approximately 800,000 tonnes arises from local authority collected waste. The recycling, treatment and disposal of local authority collected waste is the responsibility of the Merseyside Waste Disposal Authority and Halton Council.
- 1.5 The Waste DPD aims to deliver significant improvements in waste management across the sub-region whilst also diverting waste from landfill. Specifically, the Waste DPD will provide Districts with a high degree of control through its land allocations and policies to direct the waste sector to the most appropriate locations primarily on allocated sites. It therefore will provide industry with much greater certainty to bring forward proposals that are more likely to be acceptable to the Districts.
- 1.6 The Publication Document is the final consultative stage in Plan preparation and follows completion of the Preferred Options 2 consultation.

2. Preferred Options 2 (New Sites Consultation)

- 2.1 A 6-week Preferred Options 2 consultation was completed on 20th June 2011. The scope of the consultation was limited to only four new sites proposed to be allocated for waste management uses. Large sub-regional sites were consulted upon in Halton, Liverpool and St. Helens and a smaller local site in Sefton. All sites consulted upon were identified as replacement sites to ones that had previously been deleted as a consequence of public consultation at the previous Preferred Options stage or subsequent Member decisions.

Agenda Item 4

2.2 A total of 2930 consultation responses were received as well as 1 petition with 4259 signatures. The responses received across the sub-region are summarised below. A more detailed analysis, including originating postcodes etc is available in the Results of Consultation Report (see Appendix One)

District Site	Support Strongly	Support	Oppose	Oppose Strongly
Atlantic Park, Bootle, Sefton	76	62	13	37
Widnes Waterfront, Halton	130	52	12	38
Sandwash Close, Rainford, St. Helens	5	7	26	2604
Garston, Liverpool	78	71	9	42

2.3 No significant issues arose from the proposed allocations in Halton, Liverpool and Sefton. Consultation responses were received from waste operators and landowners including two statements expressing specific concerns as to the soundness of the Plan. The grounds provided for challenging the soundness of the Plan are not considered to be strong.

2.4 A very considerable degree of local community and business opposition was experienced for the replacement sub-regional site in St. Helens with an estimated 2573 consultation responses from the immediate locality, with 2569 (99%) being opposed or strongly opposed to the proposed allocation. The Waste DPD team, along with colleagues from St. Helens, have analysed and considered all the responses received. As part of this process and to demonstrate a continuing high degree of transparency, all reasonable planning matters and consultee concerns have been thoroughly re-examined.

2.5 No significant planning, procedural or deliverability issues have come to light as a consequence of this re-assessment, nor as a result of the consultation responses received which make this sub-regional site unacceptable or require that a new site be selected. Consequently there is no technical case to remove this proposed sub-regional allocation.

2.6 The results of consultation report which will be found at <http://merseysideeas-consult.limehouse.co.uk>.

2.7 All four new sites which were the subject of Preferred Options 2 consultation will therefore be included within the Publication Waste DPD alongside those moving forward from Preferred Options 1. This gives a total of 6 sub-regional sites (1 per District, >4.5 hectares in area) and 13 local sites proposed as allocations (see table 2 in section 4.2 of this report) for built facilities (see Recommendation 1).

Agenda Item 4

3. Publication and Submission of the Waste DPD

- 3.1 The Publication Stage of the Waste DPD is the final 6-week consultation stage whereby the consultees can submit comments. Comments can only be submitted on the basis of “soundness matters” and can relate to technical content or procedural matters (i.e. the process by which the Waste DPD has been prepared).

Copies of the Publication version of the Waste DPD are available to download at <http://merseysideeas-consult.limehouse.co.uk> or please contact 0151 934 3558 for a paper copy. Copies will also be made available at each committee meeting.

- 3.2 At Publication Stage the 6 Districts are required to formally approve the Waste DPD as a Council document and part of their Local Development Framework. The proposed timetable for the 6-week Publication consultation starts at the beginning of November. All consultation processes are carried out in accordance with each Council’s Statement of Community Involvement.
- 3.3 A report is due to be taken to Liverpool City Regional Chief Executives and Cabinet during the approvals process as this is a joint undertaking.
- 3.4 Submission of the Waste DPD to the Secretary of State follows shortly after the consultation has closed on the Publication document once the representations received have been considered and collated. At this stage the Waste DPD team and Districts are able to set out how it intends to respond to any soundness issues raised. Upon Submission to the Secretary of State, the formal examination of the Waste DPD starts with the appointment of an independent Planning Inspector. This is not a consultative process but one of rigorous examination of any soundness matters raised at Publication stage or that the Planning Inspector chooses.
- 3.5 Members should note that given timescale pressures it is normal at this stage to seek Full Council approval of Submission in tandem with Publication (see Recommendation 2). Delegated authority is also sought for officers from the Waste DPD Steering Group to make typographical changes and, for more substantial changes to be addressed through the appropriate scheme of delegation for each District (see Recommendation 3).

4. Contents of the Publication Waste DPD

- 4.1 Members are reminded that the content and issues to be addressed within the Waste DPD are governed by the requirements of national planning policy and waste strategy, particularly Planning Policy Statements 10 and 12. The Waste DPD is also supported by a large evidence base of technical assessments and reports ranging from Equality Impact Assessments to Sustainability Appraisals. Appendix 3 provides a list of the technical appendices that are publicly available within the web site (<http://merseysideeas-consult.limehouse.co.uk>) as downloadable resources. Alternatively paper copies can be made available for inspection.
- 4.2 The Waste DPD lists all relevant existing operational licensed waste management and disposal facilities within Merseyside and Halton. The Waste DPD site

allocations proposed in Table 3 are additional to these existing sites.

- 4.3 The Vision and Strategic Objectives of the Waste DPD were established at the Spatial Strategy and Sites and Preferred Options 1 consultation stages. These are being taken forward virtually unaltered and are set out in Section 3.2 of the Publication Document.
- 4.4 Chapter 2 summarises the evidence base whereby current and projected waste management capacity needs are identified over a 15 year period to 2027 taking into account changes in waste arisings, progress with new waste infrastructure and the effects of policy and legislative change. The Waste DPD then forecasts what waste management capacity and sites are needed to divert, minimise, recycle, treat, reprocess and finally dispose of the waste arisings on Merseyside and Halton.
- 4.5 Government policy and independent planning advice make it clear that it is necessary for the Waste DPD to have sufficient flexibility to take account of changes in waste management needs and also is able to accommodate some loss of allocated sites to other uses during the Plan period. The level of need and how it is expressed in proposed allocations has already been agreed by Members at Preferred Options stage. The proposed allocations set out in Table 2 are the minimum level of allocations necessary to meet identified needs and policy requirements.
- 4.6 Both the Vision and Strategic Objectives strive for Merseyside and Halton to become self-sufficient in waste management over the plan period.

Site Allocations

- 4.7 Chapter 4 sets out the approach to site prioritisation and identifies the site allocations. Identification of sites for waste management use is an essential and challenging part of the Waste DPD. Therefore, a policy (WM1) has specifically been inserted to ensure that the waste management industry is directed towards site allocations and sets out a series of rigorous tests that need to be met by potential developers. The policies relating specifically to sites are shown in Table 1.

Table 1: Site-related Policies in the Waste DPD

Policy Number	Purpose & content
WM1	Guide to Site Prioritisation – primarily guides developers to allocated sites before considering other areas of search or unallocated sites.
WM2	Sub-regional Site Allocations – identifies the sub-regional site allocations.
WM3	District Site Allocations – identifies the district site allocations
WM4	Allocations for Inert Landfill – identifies the inert landfill allocations
WM5	Areas of Search for Small-scale Waste Management Operations and Re-processing Sites – identifies favoured areas of search for other small-scale waste management operations.

Agenda Item 4

WM6	Additional HWRC Requirements – defines criteria for identifying further HWRC facilities within the City of Liverpool.
-----	---

- 4.8 The site allocations included within the Waste DPD Publication document are set out in table 2. All of the sites have already been formally approved by Members at Preferred Options stages and subject to at least one public consultation process. All site allocations are supported by a technical assessment.
- 4.9 A good spatial spread of sites has been achieved such that there is one sub-regional site per district, with a variable number of smaller district-level sites per District. This pattern of site distribution has evolved over the course of several public consultations and cycles of Council approvals. Members are asked to formally endorse the approach of one sub regional site per District at Publication stage (see Recommendation 4 and site listings in Table 2).
- 4.10 All sites identified are either vacant land suitable for new facilities or have the potential for significant modernisation and/or intensification of use to meet identified waste management need. All sites included as allocations have the support of the landowner / operator.

Table 2: Site Allocations in the Waste DPD

District	Site Reference & Name	Site Area (ha)
Halton	H1 Widnes Waterfront Sub-regional Allocation	7.8
	H2 Eco-cycle, 3 Johnsons Lane, Widnes	2.0
	H3, Runcorn WWTW	1.2
Knowsley	K1 Butler’s Farm, Knowsley Industrial Park Sub-regional Allocation	8.0
	K2 Image Business Park, Acornfield Road, Knowsley Industrial Park	2.8
	K3 Brickfields, Ellis Ashton Street, Huyton Business Park	2.3
	K4 Former Pilkington Glass Works, Ellis Ashton Street, Huyton Business Park	1.3
	K5 Cronton Claypit	22.3
Liverpool	L1 Land off Stalbridge Road, Garston Sub-regional Allocation	5.4
	L2 Site off Regent Road/ Bankfield Street	1.4
	L3 Waste treatment plant, Lower Bank View	0.7
Sefton	F1 Alexandra Dock, metal recycling site Sub-regional Allocation	9.8
	F2 55 Crowland Street, Southport	3.6
	F3 Site North of Farriers Way, Atlantic Business Park	1.7
	F4 1-2 Acorn way, Bootle	0.6
St Helens	S1 Land SW of Sandwash Close, Rainford Industrial Estate Sub-regional Allocation	6.1
	S2 Land North of TAC, Abbotsfield Industrial Estate	1.3
	S3 Bold Heath Quarry	40.3

District	Site Reference & Name	Site Area (ha)
Wirral	W1 Car Parking/ Storage Area, former Shipyard, Campbelltown Road Sub-regional Allocation	5.9
	W2 Bidston MRF/ HWRC, Wallasey Bridge Road	3.7
	W3 Former goods yard, adjacent to Bidston MRF/ HWRC, Wallasey Bridge Road	2.8

- 4.11 A site profile including a map and the information shown in Table 2 is included in the Publication Document and is supported by technical assessments as part of the evidence base. These assessments include amongst other matters sustainability and effects on European nature conservation designations.
- 4.12 In relation to the site at 55 Crowland Street, Southport, the site profile clarifies that any increased capacity of waste management use, over and above that already granted consent, should be assessed carefully by Sefton Council's Highways Department, in relation to the potential implications on the local road network. Any highways assessment would in particular need to address the Butts Lane/Norwood Road junction; congestion on the local road network particularly Norwood Road; rat-running of HGVs along residential roads; and on-street parking in Crowland Street. A Transport Statement may be required.
- 4.13 In all cases a full planning application will be required which will set out details such as type of use, site access and operational hours. A planning application for a waste use on any site identified above will be subject to a further local public consultation and any decision as to suitability or otherwise will be determined by Sefton's Planning Committee.

Landfill

- 4.14 The opportunity for final disposal of non-inert waste to landfill within Merseyside and Halton is extremely limited due to land use constraints alongside geological and hydrogeological limitations. Detailed technical assessment has concluded that there are no opportunities within Merseyside and Halton for non-inert landfill disposal, and therefore there are no allocations for this purpose. Over time as behaviour changes in terms of the quantities and types of waste produced and as new treatment facilities become operational the reliance that Merseyside and Halton have on exporting non-inert waste to landfill will decrease. The Waste DPD therefore will be based on a continuing but decreasing export of non-inert landfill to existing operational sites outside of the area throughout the Plan period.
- 4.15 Merseyside and Halton do however have the potential to provide final disposal sites for inert waste. Two sites, both of which are existing active minerals operations are proposed as inert landfill allocations to meet the continuing, but decreasing, quantities of inert waste at Cronton Clay Pit (K5) and Bold Heath Quarry (S3). As fiscal and waste diversion pressures continue to impact on this waste stream, it is expected that relatively modest quantities of inert waste will be deposited at these sites over time, as most inert waste can be recycled and reprocessed into new recycled products and raw materials.

Agenda Item 4

Policies

- 4.16 Chapter 5 sets out the policy framework intended to provide industry with a high degree of certainty and some flexibility in coming forward with proposals for new waste management infrastructure. The policies also set the bar high in terms of the very tight control that the Local Authorities will exercise over waste management activities and these policies strongly direct the waste management industry towards allocated sites. Table 3 summarises the key Waste DPD policies.

Table 3: Development Management Policies in the Waste DPD

Policy & Page number	Purpose and content
WM7	Protection of Existing Waste Management Capacity – to ensure that the existing essential waste management capacity is maintained to serve the needs of Merseyside and Halton.
WM8	Waste Prevention and Resource Management – to promote the prevention of waste and make efficient use of waste for all developments.
WM9	Design and Layout for New Development – for all new non-waste developments to enable the easy and efficient storage and collection of waste.
WM10	Design and Operation of New Waste Management Development – to ensure high quality design and operation of new waste management facilities to minimise impact of local communities.
WM11	Sustainable Waste Transport – to minimise and mitigate the impacts of waste transport on local communities.
WM12	Criteria for Waste Management Development – sets out the criteria against which all waste management proposals will be assessed.
WM13	Waste Management Applications on Unallocated Sites – sets out the criteria that must be addressed for sites brought forward on unallocated sites.
WM14	Energy from Waste – states that no large EfW facilities are needed but makes provision for small-scale EfW that serves an identified local need for energy or heat.
WM15	Landfill on Unallocated Sites - sets out the criteria that must be addressed for landfill proposals brought forward on unallocated sites.
WM16	Restoration and Aftercare of Landfill sites –sets out the information requirements for planning restoration and aftercare of landfill sites.

- 4.17 The Waste DPD policies are designed to work with and not duplicate the District specific policies in their Core Strategy and other Development Plan Documents.

Implementation and Monitoring

- 4.18 The Waste DPD is required by planning policy (PPS12) to include an implementation plan and monitoring arrangements and these are set out in Chapter

6 of the Publication document. Responsibility for implementation principally lies with the Local Planning Authority with support from Merseyside EAS, Waste Collection Authorities, MWDA, landowners and the waste industry.

5. Next Steps

Examination in Public:

- 5.1 The Public Examination is a formal part of the plan making process, and starts upon Submission of the Waste DPD to the Secretary of State. A Planning Inspector is appointed by the Planning Inspectorate and the Waste DPD team will need to provide a secretariat for the Examination Hearing process including resources, a Programme Officer and a venue for the Inspector and their team and the formal hearing.
- 5.2 On the basis of the current work programme, the Examination Hearing is planned for May 2012. We expect to receive the Inspectors' Report 13 weeks after the completion of the Examination.

Adoption:

- 5.3 The Waste DPD will need to be formally adopted, like all other statutory planning documents, by each of the Merseyside Districts as part of the adopted statutory development plan. Adoption is likely to take place in November 2012.

6. Financial Implications

- 6.1 The Head of Corporate Finance and ICT comments that the financial implications of this report on the Council are that the final costs for the preparation of the Waste DPD have already been agreed with the Districts and appropriate budgetary provision have been made including the Examination In Public (see above). Currently no additional preparation costs are anticipated.

Agenda Item 4

Appendices

Appendix 1 : Results of Consultation Report for Preferred Options 2 (New Sites Consultation) – Not attached. Available to download at <http://merseysideeas-consult.limehouse.co.uk> or please contact 0151 934 3558 for a paper copy. Copies will also be made available at each committee meeting.

Appendix 2 : Waste DPD Draft Publication Document which is also available electronically as a PDF document – Not attached. Available to download at <http://merseysideeas-consult.limehouse.co.uk> or please contact 0151 934 3558 for a paper copy. Copies will also be made available at each committee meeting.
