

COUNCIL - 22nd April 2021

AGENDA ITEM 9

AMENDMENT TO MOTION

Proposed by Councillor Ian Moncur

Seconded by Councillor Paul Cummins

That the Motion be amended by:

Deleting and add the following word(s):

PROPOSED BY: Councillor Dawson

SECONDED BY: Councillor Brodie-Browne

**PROPOSED NHS CHANGES AFFECTING THE COMMUNITIES OF SEFTON
PRINCIPALLY SOUTHPORT, FORMBY AND WEST LANCASHIRE
COMMUNITIES**

A. Council Notes:

1. That managers of major NHS units and 'management consultants' have spent the past three years involved in a largely-secret and unaccountable process of developing options/proposals for significant changes in the siting and manner of provision of many hospital services in the Merseyside, south Lancashire and Cheshire area, which changes are likely to have a disproportionate effect on the residents of Southport and Formby.
2. That the Secretary of State for Health in England has just been declared by the High Court to have breached the law in respect of required transparency within the NHS.
3. That NHS organisations in the Southport, Formby and West Lancashire area have recently announced and publicised a 'community engagement' exercise which does not constitute any meaningful consultation about any proposal.
4. That one of the clear stated aims of the new NHS White Paper and the Secretary of State in justifying a major management upheaval at this difficult time has been to give himself more power over decisions being made in various parts of the NHS in England, which would likely decrease local accountability and transparency of decision making.

B. Council commits itself:

1. To oppose strongly any **significant** reductions in quality, quantity or accessibility of NHS hospital or community health services for residents of any part of the Borough of Sefton.
2. To support a **properly resourced truly National** Health Service, free at the point of use and integrated as closely as possible with Social Care provision and accountable locally to persons elected democratically.
3. To support the integration of Health & Social Care provision **including reform and increasing care** service finance provided that this is done through a process of decision-making which is transparent, open and democratic, and that the outcome of such a process is fair in particular to frail, disadvantaged and/or disabled citizens.

The revised motion if approved would read as follows:

PROPOSED NHS CHANGES AFFECTING THE COMMUNITIES OF SEFTON

A. Council Notes:

1. That managers of major NHS units and 'management consultants' have spent the past three years involved in a largely-secret and unaccountable process of developing options/proposals for significant changes in the siting and manner of provision of many hospital services in the Merseyside, south Lancashire and Cheshire area, which changes are likely to have a disproportionate effect on the residents of Southport and Formby.
2. That the Secretary of State for Health in England has just been declared by the High Court to have breached the law in respect of required transparency within the NHS.
3. That NHS organisations in the Southport, Formby and West Lancashire area have recently announced and publicised a 'community engagement' exercise which does not constitute any meaningful consultation about any proposal.
4. That one of the clear stated aims of the new NHS White Paper and the Secretary of State in justifying a major management upheaval at this difficult time has been to give himself more power over decisions being made in various parts of the NHS in England, which would likely decrease local accountability and transparency of decision making.

B. Council commits itself:

1. To oppose strongly any reductions in quality, quantity or accessibility of NHS hospital or community health services for residents of any part of the Borough of Sefton.
2. To support a properly resourced truly National Health Service, free at the point of use and integrated as closely as possible with Social Care provision and accountable locally to persons elected democratically.
3. To support the integration of Health & Social Care provision including reform and increasing care service finance provided that this is done through a process of decision-making which is transparent, open and democratic, and that the outcome of such a process is fair in particular to frail, disadvantaged and/or disabled citizens.
