Executive Summary

Across the most recent five years (2016/17 to 2020/21) the percentage of Sefton’s children living in relative low-income families initially showed increases, though has reduced in the latest year, with 16% in 2020/21. The Borough levels have continually remained below the England national average and North West average.

CRLIF %	2016/17	2017/18	2018/19	2019/20	2020/21
Sefton	15.9%	17.3%	17.1%	16.8%	16.0%
LCR	18.4%	20.1%	20.3%	20.4%	18.9%
North West	20.5%	22.2%	22.4%	22.4%	21.1%
England	16.9%	17.9%	18.1%	19.2%	18.5%

Latest data released by the Government on the 31st March 2022, which includes numbers of children in relative low-income families' (CiLIF) by Parliamentary Constituency and to reflect geography boundaries set out by the Office for National Statistics (ONS) as at February 2021 and Census 2011, shows that in Sefton that there are 9,501 children in low-income families.

CRLIF	2016/17	2017/18	2018/19	2019/20	2020/21
Sefton	9400	10245	10141	9988	9501
LCR	64492	70616	72008	72213	67045
North West	350970	380056	386732	388232	365604
England	2208700	2356748	2392383	2544700	2463098

The highest density of children living in relative low-income families is the south of the borough.

Statistical Overview

The Children in low-income families' local area statistics (CiLIF), provides information on the number of children living in Relative and Absolute low income by local area across Great Britain. With the rollout of Universal Credit and the Higher Income Child Benefit charge, these new statistics draw data from a new database "RAPID" (Registration and Population Interaction Database) which provides a single coherent view of citizen interactions with DWP and HMRC within a tax year for the UK. RAPID provides a basis for analyses of children, the family unit, and gross personal incomes (benefits/tax credits, employment, self-employment, occupational pensions) from which estimates of the number of children in low income families can be derived.

Children in Low Income Families - local area statistics, Great Britain: 2014/15 to 2020/21

(Experimental - still being developed) was released on 31st March 2022 to include numbers by Parliamentary Constituency and to reflect geography boundaries set out by the Office for National Statistics (ONS) as of February 2021 and Census 2011.

Data Definitions:

- Children are defined as dependent individuals aged under 16; or aged 16 to 19 in full-time non-advanced education. Child age is derived as the duration from Date of Birth to 31 March in each year.
- A family is defined as a single adult; or a married or cohabitating couple; or a Civil Partnership; and any dependent children.
- Absolute low income is defined as a family in low income Before Housing Costs (BHC) in the reference year in comparison with incomes in 2010/11. A family must have claimed one or more of Universal Credit, Tax Credits or Housing Benefit at any point in the year to be classed as low income in these statistics.

The National Context

According to End Child Poverty, a campaign which is made up of organisations including children’s charities, child welfare organisations, social justice groups, faith groups trade unions and others untied in freeing the UK of child poverty.

- 4.3 million children live in poverty in the UK in 2019/20
- 9 children in a classroom of 30 live in poverty
- 75% of children growing up in poverty live in a family where at least one person is working.

The Joseph Rowntree Foundation states that “Two thirds of children in poverty live in a working family.”

Child Poverty Action Group suggest that poverty affects more than one in four children in the UK today. When children grow up in poverty they miss out and there are wider impacts that will affect all of us –They might miss out on the things most children take for granted: warm clothes, school trips, having friends over for tea. They

often do less well at school and earn less as adults. Furthermore, children in large families are at a far greater risk of living in poverty – 43 per cent of children living in families with 3 or more children live in poverty

On a basic level, child poverty means parents cannot afford the essentials of food, clothing and shelter, even when millions of children living in poverty have at least one employed parent. Low paid jobs and zero-hour contracts mean many working families live without income security and this could mean living ‘hand to mouth.’ The Covid-19 pandemic - loss of jobs, home schooling, bigger bills – has had an impact on many.

This potentially means children and young people are arriving at school hungry, have no or limited access to digital resources or missing out on enjoying activities with friends. Parents worry about the impact poverty has on their children, particularly that they may be bullied.

Children from poorer backgrounds may not have the same opportunities as other young people their age. They may not have access to the same learning materials, computers to help with homework or they may miss out on trips with friends. All of this can make a child or young person feel different to their peers.

Living on a low-income can increase parents’ stress levels, in turn affecting relationships and family dynamics. Many children will be aware and worried about the family's money problems.

Increases in family income can support children's educational achievements, and emotional and physical wellbeing. Additionally, children who get free school meals are less likely to get A*- C grades at GCSE than wealthier peers.

Sefton Demographics

According to mid-year population estimates for 2020, there are 59,324 children and young people (aged 0 to 19) residing in Sefton. Making up 21.5% of the Boroughs population, lower than the rates seen across Liverpool City Region (LCR) at 22.7%, the North West and England both with 23.6%.

Population Groupings

	Sefton Count	Percentage of total population			
		Sefton	LCR	NW	England
Aged 0 - 19	59324	21.5%	22.7%	23.6%	23.6%
Aged 0 - 4	13789	5.0%	5.6%	5.7%	5.7%
Aged 5 - 10	19077	6.9%	7.1%	7.4%	7.5%
Aged 11 - 15	15383	5.6%	5.6%	6.0%	6.0%
Aged 16 - 19	11075	4.0%	4.4%	4.4%	4.4%

In 2019, approximately 92% of Sefton’s children and young people (aged 0 to 19) have an ethnicity deemed as White British higher than the comparator areas (LCR – 89%, the North West – 80.5% and England - 73%).

Ethnicity for 0 -19 year olds

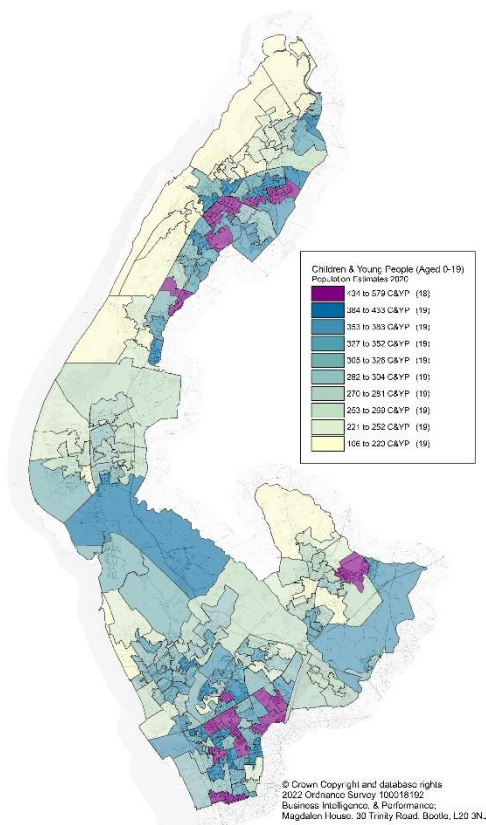

Aged: 0 - 19	Sefton Count	Percentage of total population			
		Sefton	LCR	NW	England
White	56054	94.4%	91.0%	82.8%	77.3%
White British	54770	92.3%	89.3%	80.5%	72.8%

0-24 Year olds by Sefton Lower Super Output Area

Income Deprivation Affecting Children Index (IDACI)

Deprivation in Sefton

Deprivation may have considerable effects on children, including their physical and mental health (both as a child and later in life), along with their school attendance, education attainment and future prospects.

The Income Deprivation Affecting Children Index (IDACI) measures the proportion of all children aged 0 to 15 living in income deprived families. It is a subset of the Income Deprivation domain (one of the seven domains making up the Index of Multiple Deprivation – IMD). The higher the IDACI score, the greater the deprivation in the area.

IMD and its seven domains are calculated by lower super output areas (LSOA), an average of this is used to create local authority (LA), regional and national figures. In 2019, Sefton’s average IDACI score was 0.17, this was higher than the national level (but lower than scores seen regionally and in LCR). Sefton average scores have reduced from 2004 to 2019, there has also been reduction in the three comparator areas.

31 of the 189 LSOAs in Sefton fall within the top 10% of deprived areas nationally this means that the children living in these areas are some of the most deprived in England. Of Sefton’s 31 most deprived LSOAs;

- five of are in the top 1% of deprived areas nationally
- a further 19 are in the top 5%
- An increase from the 27 LSOAs in 2015

In comparison, 30 LSOAs have fallen in the lowest 10% deprived areas nationally.

- 13 are in the least affected 5%
- A slight reduction from the 14 LSOAs seen in 2015.

Overall 56 LSOAs in Sefton have shown an increase in the IDACI when comparing 2019 scores to those of 2015, 129 reducing and 4 remaining the same.

IMD by National Percentile and Change - Sefton

National Percentile (where 1 is most deprived nationally)	Number of Sefton LSOAs	Direction of Travel	Number of Sefton LSOAs

Percentile: 100	0		

In 2018/19, there were **10,141** children living in relative low-income families equating to **17%** of all 0-19-year olds residing in the Borough.

Children Living in Relative Low-Income Family Counts

CiLIF	2014/15	2015/16	2016/17	2017/18	2018/19
Sefton	8494	8895	9400	10245	10141
LCR	57337	59166	64492	70616	72008
North West	306958	319722	350970	380056	386732
England	1980580	2098559	2208700	2356748	2392383

Sefton is ranked 116 of the 309 lower tier local authorities in England (where one is most deprived) for the percentage of children living in relative low-income families and is the second lowest of the six Liverpool City Region (LCR) authorities (only Wirral is lower).

As of Census 2011, Sefton is split up into 189 Lower Super Output Areas (LSOA), there is considerable variance in the percentage of children living in relative low-income families across these areas.

- 10 are in top 10% most deprived areas nationally
 - four of which are in the top 5%
 - nine are in south Sefton
 - two are in north Sefton
- 30 are in lowest 10% of affected areas nationally
 - 19 are in the least 5% deprived areas nationally
 - 15 are in north Sefton
 - 15 are in central Sefton.

Children in Low Income Families (CiLIF)

Relative low-income is defined as a family whose equivalised income is below 60 per cent of contemporary median income. Gross income measure is Before Housing Costs (BHC) and includes contributions from earnings, state support and pensions.

Across the past five years (2014/15 to 2018/19) there has been an increase in the levels of children living in relative low-income families (CiLIF) within Sefton, a pattern mirrored across the three comparator areas. Statistically the Borough has continually been below the regional and national rates, although there are specific areas of the borough where Sefton has a level of child poverty that is at least comparative or above that seen nationally.

Children in Low Income Families (CiLIF) – 2021 Update

Across the most recent five years (2016/17 to 2020/21) levels of children living in relative low-income families (CiLIF) in Sefton initially showed increase, though the figure has reduced in the latest 12-months, a pattern mirrored across the three comparator areas. Statistically the Borough continues to be below the regional and national rates.

Children Living in Relative Low-Income Family Rates

CRLIF %	2016/17	2017/18	2018/19	2019/20	2020/21
Sefton	15.9%	17.3%	17.1%	16.8%	16.0%
LCR	18.4%	20.1%	20.3%	20.4%	18.9%
North West	20.5%	22.2%	22.4%	22.4%	21.1%
England	16.9%	17.9%	18.1%	19.2%	18.5%

In 2020/21, there were **9,501** children living in relative low-income families equating to **16%** of all 0-19-year-olds residing in the Borough.

Children Living in Relative Low-Income Family Counts

CRLIF	2016/17	2017/18	2018/19	2019/20	2020/21
Sefton	9400	10245	10141	9988	9501
LCR	64492	70616	72008	72213	67045

England	2208700	2356748	2392383	2544700	2463098

The reduction in the percentage of CiLIF has seen Sefton’s rank out of the 309 lower tier local authorities in England decrease to 135. Though the Borough remains the second lowest of the six Liverpool City Region (LCR) authorities (only Wirral is lower).

There has been substantial changes in the national rankings of the 189 Sefton Lower Super Output Areas (LSOA), when comparing 2020/21 to 2018/19.

- There are only three LSOAs within the top 10% most deprived areas nationally
 - All of which are located in South Sefton
- 35 are now in lowest 10% of affected areas nationally
 - 16 are in the least 5% deprived areas nationally
 - 16 are in north Sefton
 - 19 are in central Sefton.
