Subject:	Allocation of Supplemental Substance Misuse Treatment & Recovery Grant		
Report of:	Director of Public Health	Wards Affected:	All
Portfolio:	Cabinet Member - Health and Wellbeing		
Is this a Key Decision:	Yes	Included in Forward Plan:	Yes
Exempt / Confidential Report:	No		

Summary

To request permission to accept the Supplemental Substance Misuse Treatment and Recovery Grant and allocate it accordingly. In February 2022, the Office of Health Inequalities and Disparities (OHID) Department of Health & Social Care announced additional supplemental drugs funding which all Local Authorities are eligible to receive through a Section 31 Grant to support the delivery of the December 2021 national drug strategy. In April, Sefton council received notification of the 3yrs funding from 2022/23 to 2024/25 subject to the submission of a OHID approved plan. The Sefton high level plan and 2022/23 detailed plan has now been approved. Detailed plans outlining the interventions for 2023/24 and 2024/25 will be required to be submitted for approval before the start of each of those years.

Sefton Council will receive this enhanced funding for 3yrs starting from 2022/23. See allocation table below:

	2022/23	2023/24	2024/25
Supplemental Sub Misuse Treatment & Recovery Grant	£1, 002,318	£1,642,287*	£3,169,979*

Recommendation(s):

Cabinet:

- (1) That Council be recommended to approve the acceptance of the Supplemental Substance Misuse Treatment and Recovery Grant as detailed within the report.
- (2) Subject to Council approving the acceptance of the Grant, approve the proposed contract variations to the current contracts with CGL and WAwY for the

services to deliver the funded interventions.

(3) Delegate authority to the Head of Health and Wellbeing / Director of Public Health to:

- To issue a contract variation to uplift the contract by an additional £772,068 in the first instance and the uplift for years 2 & 3 by the amounts yet to be determined, with CGL for the provision of Substance Use: Assessment, Treatment and Recovery Services.
- To add via a contract variation an additional £110,250 to the contract with WAwY and uplift any subsequent contracts for years 2 & 3 of the Grant.

Council:

(1) Council be recommended to approve the acceptance of the Supplemental Substance Misuse Treatment and Recovery Grant as detailed within the report.

Reasons for the Recommendation(s):

The Supplemental Substance Misuse Treatment and Recovery Grant should be used by LAs to directly address the aims of the treatment and recovery section of the drug strategy. The additional funding should deliver:

- New high-quality treatment places, including:
 - New places for opiate and crack users,
 - a treatment place for every offender with an addiction
 - New treatment places for non-opiate users and alcohol users
 - More young people in treatment
- More people in long-term recovery from substance dependence
- More medical, mental health and other professionals within the drug treatment system
- Additional drug and alcohol and criminal justice workers
- Sufficient commissioning and co-ordinator capacity in every local authority

The expectation is that each local area will deliver against the above aims and meet national reporting and monitoring requirements. In order to achieve these outcomes, it is necessary to transfer funds to the current providers of Substance Use: Assessment, Treatment and Recovery Services and Young People & Families Substance Use Service.

The local intention is to expand the treatment provision within the existing services to improve access by creating more treatment places and improving quality by reducing caseloads; enhance recovery activities and improve the skill mix within the existing workforce.

The allocation is to support a range of Treatment, Assessment and Recovery interventions for the local substance use population via the local services. Many of the

potential beneficiaries have an already established relationship with these services
The service providers have well established Treatment, Assessment & Recovery pathways in place across the system and are best placed to successfully deliver the interventions.

Process

The Contract Procedure Rules (CPR) requires authorisation by the Cabinet to allocate £772,068 to the current provider of Substance Use: Assessment, Treatment and Recovery Services, Change, Grow, Live, (CGL) of the £1,002,318 received in year 1 (2022/23) and £110,250 in year 1 (2022/23) to the current provider of Young People & Family Substance Use Service, We Are with You (WAwY) and also funding for subsequent years (amount yet to be determined), for delivery of the OHID approved plans.

Please note should the amount of funding to be transferred for Yr.2 & Yr.3 not meet with the requirements stated below a subsequent report will be submitted for approval.

There is provision for this allocation via a contract variation using Regulation 72 of the Public Contract Regulations which states:

“Contracts and framework agreements may be modified without a new procurement procedure in accordance with this Part in any of the following cases:

(c) where all of the following conditions are fulfilled: —

(i) the need for modification has been brought about by circumstances which a diligent contracting authority could not have foreseen;

(ii) the modification does not alter the overall nature of the contract;

(iii) any increase in price does not exceed 50% of the value of the original contract or framework agreement.

The Grant funding could not have been envisaged when the Council originally procured these services that were advertised in the Official Journal of the European Union (OJEU) and the Find a Tender Service (FTS) respectively. The 3-year funding opportunity was only announced in Q4 of 2021/22. Both contracts had been procured and awarded prior to Q4 of 2021/22.

The allocation is to support a range of Treatment, Assessment and Recovery interventions for the local substance use population aligned to the current local services offer.

The additional grant funding does not exceed 50% of the original contract annual value and remains within the original advertised scope of the contract.

Alternative Options Considered and Rejected: (including any Risk Implications)

The only other option would be to procure other providers to deliver against the additional funding and this has been rejected due to economic and operational reasons. To commission other substance use services to meet the aims of the Grant would be a

duplication of existing service provision, duplication of some costs and any economies of scale will be lost.

What will it cost and how will it be financed?

(A) Revenue Costs

Full costs of the proposed interventions will be covered by external Dept of Health & Social Care Section 31 Grant Funding.

(B) Capital Costs

None
