Date	Time	Number of people
Thursday June 9		7
Thursday June 9		8
Thursday June 9		26
Monday July 11		4
Monday July 11		3
Monday July 11		6

Results

Most of the responses were received in the first couple of weeks of the survey starting in May and June 2022.

986 people responded.

- **480** people were in **support** of the 3G pitch proposals.
- **483** people were **against** the 3G pitch proposals.
- 21 people neither in support nor against.
- 2 people did not answer this question.

With the lack of majority support for the proposal, Sefton Council Leader Cllr Ian Maher made the decision that the 3G pitch part of the proposals will not go ahead.

What happens next?

Plans around the wider site plan depends on funding. The plans will follow Council processes before any decisions are made.
