## **Purpose / Summary of Report:**

To receive a presentation on the Proposed Cheshire & Merseyside Paediatric Radiotherapy Service Transfer and to consider if the proposals represent a substantial variation in health services for Sefton residents, as the Health and Social Care Act requires NHS bodies to consult with local Overview and Scrutiny Committees on service change proposals.

## **Recommendation(s)**

That the presentation be noted and it be agreed that the proposals for Paediatric radiotherapy services for Cheshire and Merseyside does not represent a substantial variation and that the approach taken to engage with patients to inform the proposal is commensurate with the scale of the proposed change.
