Annex – List of proposed fees and charges

Background Papers:

There are no background papers available for inspection.

1. Background

1.1 Many of the Local Licensing fees and charges are set nationally. Where this is not the case with regard to the general licensing (sex establishments, animal welfare licensing, personal treatment registrations etc.) and Gambling Act 2005 (the 2005 Act) fees the Authority can only cover its reasonable costs in setting them.

2. General Licence fees

2.1 It is proposed that these should be uprated by 10.7% (the CPI rate in November 2022).

3. Gambling Act 2005

3.1 In respect of certain fees for the 2005 Act these can only be set up to a maximum tariff which is set by Central Government.

3.2 For the majority of processes relating to Regional, Large and Small Casinos the fees are already set to the maximum level permitted and therefore no change can be made in respect of those applicable processes (it should be noted, however,

that Sefton does not have any of these types of premises and the legislation currently does not allow for any further grants of this type).

- 3.3 Section 212(2)(d) of the Act specifically states that local authorities 'shall aim to ensure that the income from fees... as nearly as possible equates to the costs of providing the service to which the fees relates'.
- 3.4 It is not proposed to uprate the 2005 Act fees for 2023/2024 as they are deemed to be covering the Authority's costs. This being as less work has been conducted for these processes during 2022/2023 than was anticipated.
