

To: Cllr J. Fairclough – Cabinet Member Technical Services

We the undersigned residents of York Road, Crosby request that urgent consideration be given to the introduction of a residents parking scheme in our road.

The parking of cars by owners that do not live in the road makes it particularly difficult for existing residents to find space to park, as very few houses have drives or designated space to park. Most of the houses are terraced, whilst the road width makes parking on both sides hazardous, with many cars parked partly on the pavement.

At the entrance to York Road is the Crosby Hotel a public house that frequently has televised football bringing excessive parking to our road. School pupils from Merchant Taylor Girl's school also park their cars in our road together with shoppers and shop staffs that are not prepared to pay the parking charges in Crosby Village that is just a short walk away.

There is also an ongoing problem for the collection of refuse and recycling, which is often delayed, as Council Vehicles are not able to pass down the road, and there could possibly be a problem, if A Fire Engine required access.

We accept the current charging policy of £20 as a one off charge for each permit, which is rechargeable when a vehicle is changed.
