

Report to:	Overview and Scrutiny Committee (Regulatory, Compliance and Corporate Services)	Date of Meeting:	9 January 2024
Subject:	Financial Management 2023/24 to 2026/27 - Revenue and Capital Budget Update 2023/24 – January Update		
Report of:	Executive Director of Corporate Resources and Customer Services	Wards Affected:	(All Wards);
Portfolio:	Cabinet Member - Regulatory, Compliance and Corporate Services		
Is this a Key Decision:	Yes	Included in Forward Plan:	Yes
Exempt / Confidential Report:	No		

Summary:

To inform **Overview and Scrutiny** of:

- 1) The current position relating to the 2023/24 revenue budget.
- 2) The current forecast on Council Tax and Business Rates collection for 2023/24.
- 3) The monitoring position of the Council's capital programme to the end of November 2023:
 - The forecast expenditure to year end.
 - Variations against the approved budgets and an explanation of those variations for consideration by Members.
 - Updates to spending profiles and proposed amendments to capital budgets necessary to ensure the efficient delivery of capital projects.

Recommendation(s):

Overview and Scrutiny is recommended to:

Revenue Budget

- 1) Note the current position relating to the 2023/24 revenue budget.
- 2) Note the actions being taken to refine forecasts and identify mitigating efficiencies to ensure each service achieves a balanced position.
- 3) Note the financial risks associated with the delivery of the 2023/24 revenue budget and acknowledge that the forecast outturn position will continue to be reviewed, and remedial actions put in place, to ensure a balanced forecast

outturn position and financial sustainability can be achieved.

Capital Programme

- 4) Note the spending profiles across financial years for the approved capital programme (paragraph 7.1).
- 5) Note the latest capital expenditure position as at 30 November 2023 of £21.514m (paragraph 7.5); the latest full year forecast is £55.117m (paragraph 7.6).
- 6) Note that capital resources will be managed by the Executive Director Corporate Resources and Customer Services to ensure the capital programme remains fully funded and that capital funding arrangements secure the maximum financial benefit to the Council (paragraphs 7.9-7.11).

Reasons for the Recommendation(s):

To ensure Overview and Scrutiny are informed of the current position in relation to the 2023/24 revenue budget.

To provide an updated forecast of the outturn position with regard to the collection of Council Tax and Business Rates.

To keep members informed of the progress of the Capital Programme against the profiled budget for 2023/24 and agreed allocations for future years.

To keep members informed of any changes that are required in order to maintain a relevant and accurate budget profile necessary for effective monitoring of the Capital Programme.

To keep members informed of any updates to funding resources so that they can be applied to capital schemes in the delivery of the Council's overall capital strategy.

Alternative Options Considered and Rejected: (including any Risk Implications)

N/A

What will it cost and how will it be financed?

(A) Revenue Costs

The report indicates that for 2023/24 following the implementation of the recommendations contained in this report that an overspend position of £2.184m is currently forecast and that further work is being undertaken to refine forecasts and identify mitigating efficiencies to ensure each service achieves a balanced position. Further mitigating actions are proposed in this report to ensure the Council returns to a balanced forecast outturn position-if these actions are not available within the approved budget, existing reserves and balances may need to be used.

(B) Capital Costs

The Council's capital budget in 2023/24 is £55.191m. As at the end of November 2023 expenditure of £21.514m has been incurred and a full year outturn of £55.117m is currently forecast.

Implications of the Proposals:

<p>Resource Implications (Financial, IT, Staffing and Assets): Currently an overspend position of £2.184m is currently forecast for 2023/24, pending further work to refine forecasts and identify mitigating efficiencies. Further mitigating actions are proposed in this report to ensure the Council returns to a balanced forecast outturn position. However, it should be noted that significant pressure and risk remains in a number of areas, particularly relating to Children's Social Care. If budgets experience further demand and inflationary pressure during the remainder of the year further corresponding savings or financial contributions will need to be identified and approved by members.</p>									
<p>Legal Implications: None</p>									
<p>Equality Implications: There are no equality implications.</p>									
<p>Impact on Children and Young People: Yes</p> <p>The report highlights the current financial position relating to services provided for Children and Young People.</p>									
<p>Climate Emergency Implications:</p> <p>The recommendations within this report will</p> <table border="1"> <tr> <td>Have a positive impact</td> <td>No</td> </tr> <tr> <td>Have a neutral impact</td> <td>Yes</td> </tr> <tr> <td>Have a negative impact</td> <td>No</td> </tr> <tr> <td>The Author has undertaken the Climate Emergency training for report authors</td> <td>Yes</td> </tr> </table> <p>The allocations of capital funding outlined in section 7 may be spent on projects that will have a high climate change impact as they could relate to new build, rebuild, refurbishment, retrofit and demolition proposals. Environmental consideration will be taken into account when specific projects are designed and tendered – which will help to mitigate negative impacts.</p>		Have a positive impact	No	Have a neutral impact	Yes	Have a negative impact	No	The Author has undertaken the Climate Emergency training for report authors	Yes
Have a positive impact	No								
Have a neutral impact	Yes								
Have a negative impact	No								
The Author has undertaken the Climate Emergency training for report authors	Yes								

Contribution to the Council's Core Purpose:

Effective Financial Management and the development and delivery of sustainable annual budgets support each theme of the Councils Core Purpose.

<p><u>Protect the most vulnerable:</u> See comment above</p>

The following appendix is attached to this report:

APPENDIX A – Capital Programme 2023/24 to 2025/26

Background Papers:

There are no background papers available for inspection.

1. Introduction

- 1.1 On 2 March 2023, Members approved the Budget for the financial year 2023/24. This budget was developed throughout the preceding nine months and took account of all known issues. Within that report, and as with previous years, the inherent financial risk within the budget, especially with respect to Children's Services, was identified. This was further reflected within the reserves' strategy for the Council, as reported in the Robustness Report also presented to Budget Council.
- 1.2 This report is the sixth of the Council's monthly budget monitoring reports and updates the revenue forecast outturn position for all services, including the pressures that have materialised since the budget was set.
- 1.3 The report also outlines the current position regarding key income streams for the Authority, namely Council Tax and Business Rates. Variations against expected receipts in these two areas will also affect the Council's financial position in future years.
- 1.4 The capital section of the report informs Members of the latest estimate of capital expenditure for 2023/24 and forecast expenditure for 2024/25 and 2025/26. The capital budget to date is presented in paragraph 7.1. Paragraphs 7.2 to 7.8 review progress of the capital programme, including additional capital schemes. Finally, paragraphs 7.9 to 7.11 confirm that there are adequate levels of resources available to finance the capital programme.

2. Revenue Budget 2023/24 – Forecast Outturn Position as at the end of November 2023

- 2.1 Members are provided with updates of the Council's forecast financial revenue position each month during the financial year from July. As would be expected as the forecast develop through the year, they become more robust and can inform decision making. The Council adopted this approach by developing its in year remedial budget actions on the back of the mid-year review position and this report builds on that.
- 2.2 As at the end of November 2023, the forecast outturn shows a net overspend on services of **£6.979m**, the majority of which relates to potential additional pressure within Children's Social Care, Adult Social Care and Education Excellence as well as the impact of the local government pay award. It should be noted that the majority of services are reporting a balanced position or are implementing local remedial actions to return a balanced position at this stage. As with all organisations at this time, the Council is operating in a very challenging financial environment. However, it is vital that the Council achieves a balanced forecast outturn position to ensure its financial sustainability. Actions to meet some of the forecast overspend were approved as part of a previous report in November. These totalled £4.795m so the net overspend position is £2.184m.
- 2.3 The table below highlights the variations across services that make up the £2.184m forecast overspend, including approved mitigating actions:

	Budget	Forecast Outturn	Variance	Variance to October
	£m	£m	£m	£m
<u>Services</u>				
Strategic Management	3.936	4.036	0.100	0.001
Adult Social Care	110.394	111.394	1.000	0.000
Children's Social Care	80.150	85.183	5.033	0.000
Communities	11.494	11.359	-0.135	0.000
Corporate Resources	6.196	5.986	-0.210	0.000
Economic Growth & Housing	6.410	6.410	0.000	0.000
Education Excellence	15.303	16.732	1.429	-0.075
Health & Wellbeing	19.620	18.837	-0.783	0.000
Highways & Public Protection	10.679	10.577	-0.102	-0.055
Operational In-House Services	16.182	16.325	0.143	0.064
Energy Costs	4.200	4.200	0.000	0.000
Additional Pay Award Provision	4.333	5.833	1.500	0.000
Total Service Net Expenditure	288.897	296.872	7.975	-0.065
Mitigating Actions approved in November	0.000	-4.795	-4.795	0.000
Council Wide Budgets	14.113	13.117	-0.996	-0.164
Levies	36.193	36.193	0.000	0.000
General Government Grants	(84.086)	(84.086)	0.000	0.000
Total Net Expenditure	255.117	257.301		
<u>Forecast Year-End Deficit</u>			<u>2.184</u>	<u>-0.229</u>

2.4 The key areas relating to the outturn position are as follows:

- **Adult Social Care** – The previous forecasts assumed that the Adult Social Care budget will break-even during 2023/24. However, there are a number of significant assumptions and uncertainties that could impact on this position before the year-end. The service has also committed to a number of efficiencies and savings that amount to £5.7m, in order to meet the savings approved as part of the approved 2023/24 budget plus additional savings to meet the additional budgetary pressures arising from the increases in provider fees approved at Cabinet meetings in June 2023. The achievement of these savings will be carefully monitored throughout the year. At this time over £5m of the £5.7m of savings have been delivered.

Like all councils, the Service is experiencing growth pressure with demand for services and are seeking to meet the cost of this within the resources available,

including taking account of the additional funding from Central Government that is being made available to councils to meet increases in demand and financial pressure including those that maybe experienced during winter and in respect of discharges. Given the pressures being faced a forecast overspend of £1.000m was reported last month. However, a number of upward pressures within the Service have continued and could result in the forecast overspend position increasing by a further £1.6m. Further work is being undertaken to understand the pressures and refine forecasts. Work will also continue to explore options to ensure that any potential overspend is reduced. As would be expected with a budget of this size and volatility, this remains a key risk during the current year.

- **Children's Social Care** – The current forecast for the service shows a potential overspend of £5.033m. However, there are a number of significant assumptions and uncertainties that could impact on this position before the year-end. A number of upward pressures within the Service have materialised and could result in the forecast overspend position increasing by a further £0.7m. Further work is being undertaken to understand the pressures and refine forecasts.

Members will be aware that the 2023/24 approved budget included an additional £21m of investment in the service based on the requirement for additional staffing (including temporary funding for additional agency costs whilst more permanent staff are recruited to, including International Social Workers and from staff coming through the social work academy) as well as additional resources to reflect the number of packages at the time, some potential growth as well as resource for inflationary pressures.

The current forecast for staffing is an overspend of £0.660m. This will require robust monitoring through the year. There are a clear set of assumptions driving this forecast in terms of when expensive project/court teams will leave the Council as new staff are onboarded from the International Social Worker cohort and the academy. If these assumptions change then the forecast will be revised with additional pressure being experienced. At present the forecasts reflect that position but this is continually being reviewed and is the key risk area for the Council, therefore if this position previously reported to members changes then this will need to come back for further decision. This is also a key aspect of budget setting and medium-term financial planning.

Certain areas of accommodation and support packages are forecast to overspend by £3.472m, partly due to additional packages in the late part of 2022/23 and early part of 2023/24. As mentioned in reports last year, packages initially have been at a higher cost than previously seen. However, recently improvements in practice have resulted in more children being placed in more appropriate settings at a lower cost. This is expected to continue throughout the year. Work is currently being undertaken to review forecasts for all types of care settings based on a number of children being in higher cost settings for shorter periods, which is expected to significantly impact on the forecast. In addition, where numbers and costs of Children with Disabilities has increased, specialist work is being undertaken to ensure health are making the appropriate contributions to the cost of care.

This is the key aspect of this financial forecast- the service is stabilising and as this takes place the review of placements will also be undertaken. At present the assumption is that all support, unless known otherwise, will continue for the whole

of the financial year and for a number of placements this will not be the case. Senior managers are reviewing these, and the forecast will be updated accordingly.

Members will recall that in the budget reports it was advised that a tolerance of 5% on the budget could be expected based on advice from the DfE commissioner-based on the service budget that would amount to £4m. This current forecast is slightly higher than that at present before the outcome of the additional reviews is to be built in.

In considering this forecast, work will also be undertaken to determine if any of this pressure is temporary or permanent in nature and needs reflecting in future budget setting processes. At present as a lot of this pressure arose from 22/23 and the start of the financial year it is estimated that the future years impact is modest at this stage, but this will be the subject of further review as the budget setting process continues.

- **Corporate Resources** – The service had previously forecast a balanced position. However, in light of the overall budget position, the Service reviewed budgets further to identify areas where savings could be made. The forecast was therefore revised last month to an underspend of £0.210m. Based on the latest information, functions within the service are therefore forecasting an underspend of £0.834m. However, there is pressure within the ICT budget from inflation on contracts that is in excess of the provision made and a loss of income from School SLAs as a result of a change in the contractual arrangement enforced by the provider for which the Council has no control. These two pressures amount to £0.624m, which is offset by the underspends across the Service. As stated, all services are underspent, and significant cost control will continue to be required between now and the year end to deliver the current forecast position.
- **Economic Growth and Housing** – The service is showing a balanced position. However, based on the latest information, functions within the service are forecasting an overspend of £0.490m, although the service are currently examining forecasts. Additional cost control will be required between now and the year end to deliver that balanced position and this position will be updated in future reports.
- **Education Excellence** – The current forecast shows a potential net overspend of £1.429m, this relates to the provision of additional SEND staff and Home to School Transport. The service is reviewing all forecasts to identify areas that will offset costs of the additional SEND staff. Members will recall that in the budget substantial funding was added to the Home to School Transport budget, but this budget has come under further pressure due to the increase in the number of EHCPs being completed and the resulting pressure in the Service.
- **Operational In-House Services** The current forecast shows a potential overspend of £0.143m which is a slight worsening on the previous month. This relates to a number of areas across the Service, but mainly in Catering and the security service. The service is reviewing all forecasts to identify areas that may be able to offset these additional pressures, including from recharging additional costs being incurred.

- **Additional Pay Award Provision** – The approved Base Budget included a provision for the 2023/234 pay award of around 4.5%. This was line with most other local authorities who had budgeted for similar amounts. The offer from the National Employers for local government services body is for a fixed increase of £1,925, with a minimum of 3.5% (similar to the increase in 2022/23). For Sefton, this equates to an increase in the pay bill of about 6.0% or an additional £1.500m above the amount included in the 2023/24 budget. It should be noted that this offer has now been accepted by trade unions.

3. **Revenue Budget Summary 2023/24**

- 3.1 An overspend of **£2.184m** is currently forecast. However, as mentioned in section 2, this is a forecast based on a number of uncertainties and assumptions, particularly around Adult and Children’s Social Care which it is estimated could add £2.3m to the current forecast. Additional work will continue to be undertaken across service areas to refine the forecasts and identify mitigating efficiencies to ensure each service achieves a balanced budget position. In Children’s Social Care forecasts will be refined to take into account the improvements in practice that have seen children being placed in more appropriate settings, as well as the anticipated reduction in the number of Looked After Children, however the key risk is the staffing budget with the timing of transition between project/court teams and new permanent staff that will support a skilled and stable workforce the key variable that could impact the budget.
- 3.2 As mentioned, the Council must achieve an overall balanced position to ensure its financial sustainability. As an overall forecast overspend remains a remedial action plan to meet the residual balance has been produced and is presented below for members’ approval.

Proposed Remedial Actions

- 3.3 After the mitigating actions approved by Cabinet in November 2023 there is still a forecast overspend of **£2.184m**. It is proposed to undertake a number of remedial actions, including the adoption of financial principles used in previous years, to enable a balanced forecast outturn position to ensure its financial sustainability. This will include cost control in relation to recruitment, non-essential expenditure and no further growth items / additionality.

Summary 2022/23

- 3.4 An overspend of **£2.184m** is currently forecast. As mentioned above, there is further potential pressure of £2.3m on Adult and Children’s Social Care. The Council is reviewing a number of areas that would generate one-off mitigating measures of £2.6m – if the social care pressures materialise then a balance estimated at up to £2.0m will remain to be funded. However, this represents the current position that has been forecast to the year end- in the event that further pressure is experienced, further remedial action will be required. As a result of using the options above, there is no flexibility left for the use of existing reserves or general balances- as a result this pressure, and any further pressure, will need to be met from within the existing Council budget and delivery monitored carefully and reported to Cabinet.
- 3.5 Should there still be a residual overspend at year end, this will need to be funded by general balances and as part of the budget process for 2024/25 the Council will need increase these back to the previous level taking into account the risks faced

by the Council and the assessment of their adequacy as described in the S151 Officer's Robustness report. As stated, further work will be carried out on the remedial plan and a detailed position will be reported in the next cycle.

4. Council Tax Income – Update

- 4.1 Council Tax income is shared between the billing authority (Sefton Council) and the three major precepting authorities (the Fire and Rescue Authority, the Police and Crime Commissioner and the Combined Authority – Mayoral Precept) pro-rata to their demand on the Collection Fund. The Council's Budget included a Council Tax Requirement of £160.236m for 2023/24 (including Parish Precepts), which represents 84% of the net Council Tax income of £191.139m.
- 4.2 The forecast outturn for the Council at the end of November 2023 is a surplus of £0.109m. This variation is primarily due to: -
- The surplus on the fund at the end of 2022/23 being higher than estimated (-£0.314m).
 - Gross Council Tax Charges in 2023/24 being higher than estimated (-£0.492m).
 - Exemptions and Discounts (including a forecasting adjustment) being higher than estimated (+£0.697m).
- 4.3 Due to Collection Fund regulations, the Council Tax surplus will not be transferred to the General Fund in 2023/24 but will be carried forward to be recovered in future years.
- 4.4 A forecast surplus of £2.045m was declared on the 17 January 2023 of which Sefton's share is £1.716m (83.9%). This is the amount that will be recovered from the Collection Fund in 2023/24. Any additional surplus or deficit will be distributed in 2024/25 and future years.

5. Business Rates Income – Update

- 5.1 Since 1 April 2017, Business Rates income has been shared between the Council (99%) and the Fire and Rescue Authority (1%). The Council's Budget included retained Business Rates income of £62.388m for 2023/24, which represents 99% of the net Business Rates income of £63.018m. Business Rates income has historically been very volatile making it difficult to forecast accurately.
- 5.2 The forecast outturn for the Council at the end of November 2023 is a surplus of -£10.797m on Business Rates income. This is due to:
- The surplus on the fund at the end of 2023/24 being higher than estimated (-£9.916m).
 - Reduction in the gross charge on rateable properties (+£0.167m).
 - A number of reliefs announced for 2023/24 were assumed in the NNDR1 return with the loss of income as a result of these reliefs covered by Section 31 grant

payments. It is now forecast that the value of these reliefs will be less than anticipated (-£0.494m).

- Adjustments relating to prior years (-£0.554m)

5.3 When taking into account the lower Section 31 grants due on the additional reliefs, a net surplus of £9.857m is forecast.

5.4 Due to Collection Fund regulations, a Business Rates deficit will not be transferred to the General Fund in 2023/24 but will be carried forward to be recovered in future years.

5.5 A forecast surplus of £12.836m was declared in January 2023. Sefton's share of this is £12.708m. This is the amount that will be distributed from the Collection Fund in 2023/24. Any additional surplus or deficit will be distributed in 2024/25 and future years.

6. **High Needs Budget**

6.1 Cabinet and Council have agreed to receive quarterly reports from the Executive Director of Children's Social Care and Education and the Assistant Director of Children's Services (Education) with regard to the High Needs budget and the changes that are proposed, details of sufficiency planning, the Council's engagement on the Delivering Better Value Programme and the current high needs deficit and the risk around future central government decision making in respect of this deficit.

6.2 The latest report was presented to Cabinet in July, providing detail on the current monitoring position relating to the High Needs budget. A further report will be presented to a future meeting of Cabinet.

7. **Capital Programme 2023/24 – 2025/26**

Capital Budget

7.1 The Capital Budget and profile of expenditure for the three years 2023/24 to 2025/26 is as follows:

2023/24	£55.191m
2024/25	£47.922m
2025/26	£47.141m

7.2 The following updates have been made to the capital programme budget since the previous budget report to Cabinet in December:

- **Communities** – a new £0.120m project to replace windows to improve energy efficiency at The Atkinson has been added to the programme under delegated authority and is fully funded by grant from the Department for Digital, Culture, Media & Sport.

- **Economic Growth & Housing** – £0.712m has been phased to 2024/25 for the Enterprise Arcade project. The cashflow forecast has been amended to reflect the selected contractor’s projected spend profile for the works. Strip out works are due to commence in the new year rather than late 2023 as original anticipated. This impacts the expenditure profile for 2023/24. The contractors programme assumes a nine-month contract period with the main refurbishment work elements reprofiled into the 2024/25 financial year.
- **Education Excellence** – £0.368m has been phased to 2024/25 for ground works and a two story four classroom mobile block at Holy Family High School.
- **Operational In-House Services** - £0.382m has been phased from 2024/25 to 2023/24 for the purchase of new vehicles and equipment.

Capital Funding for Childcare Expansion

- 7.3 The Department for Education has in November confirmed Sefton’s allocation of Childcare Capital Expansion Grant for 2023/24. The funding can be used to increase the physical capacity of early years and wraparound provision in local areas where demand is likely to exceed existing supply. It has been apportioned at a national level with £80m for the early years’ entitlement and £20m for wraparound provision.
- 7.4 As reported to Cabinet in December, planning is underway in Sefton to, in the first instance, increase the finance support with the increase in entitlements. In the longer term, resources will be put in place to support childminders and start up nurseries. Sefton’s capital allocation for 2023/24 is £534,202 and Cabinet is therefore recommended to approve a supplementary capital estimate for inclusion in the Capital Programme.

Budget Monitoring Position to November 2023

- 7.5 The current position of expenditure against the budget profile to the end of November 2023 is shown in the table below. It should be noted that budgets are profiled dependent upon the timing of when works are to be carried out and the anticipated spend over the financial year. The budget to date in the table below reflects the profiles of each individual scheme.

	Budget to November	Actual Expenditure to November	Variance to October
	£m	£m	£m
<u>Services</u>			
Adult Social Care	3.560	3.158	-0.402
Children’s Social Care	0.284	0.357	0.073
Communities	0.454	0.469	0.015
Corporate Resources	1.502	1.531	0.029
Economic Growth & Housing	4.802	4.349	-0.453
Education Excellence	2.959	3.174	0.215
Highways & Public Protection	8.045	7.962	-0.083

Operational In-House Services	0.479	0.513	0.034
<u>Total Programme</u>	22.086	21.514	-0.572

Capital Programme Forecast Outturn 2023/24

7.6 The current forecast of expenditure against the budget profile to the end of 2023/24 and the profile of budgets for future years is shown in the table below:

	Budget 2023/24	Forecast Outturn	Variance	Budget 2024/25	Budget 2025/26
	£m	£m	£m	£m	£m
<u>Services</u>					
Adult Social Care	7.505	7.501	-0.004	2.675	1.850
Children's Social Care	0.602	0.727	0.125	0.100	-
Communities	2.009	2.049	0.040	0.405	-
Corporate Resources	2.597	2.523	-0.073	0.023	-
Economic Growth & Housing	10.640	10.614	-0.025	22.481	43.977
Education Excellence	8.755	8.597	-0.157	8.253	-
Highways & Public Protection	20.234	20.242	0.008	8.453	0.322
Operational In-House Services	2.850	2.863	0.013	5.532	0.993
<u>Total Programme</u>	55.191	55.117	-0.073	47.922	47.141

A full list of the capital programme by capital scheme is at **appendix A**.

7.7 The current 2023/24 budgeted spend is £55.191m with a budgeted spend to October of £22.086m. The full year budget includes exceptional items such as £8.544m for Growth and Strategic Investment projects, £1.082m for the Brownfield Housing Development fund, £0.760m for Sustainable Warmth Schemes, £1.300m for the Local Authority Housing Fund, £1.583m for Sporting Betterments at Schools, a £1.000m project for Southport Pier Decking, and a scheme to upgrade to LED Street Lighting (£3.606m).

7.8 Typically, on an annual basis the capital programme spends in the region of £25-30m. Given this typical annual level of spend, and although in 2023/24 there are a number of exceptional items as described above, it is likely that reprofiling of spend into 2024/25 will occur as the year progresses.

Programme Funding

7.9 The table below shows how the capital programme will be funding in 2023/24:

<u>Source</u>	£m
Grants	42.610
Prudential Borrowing	5.454
Capital Receipts	4.874
Contributions (including Section 106)	2.252
<u>Total Programme Funding</u>	55.191

7.10 The programme is reviewed on an ongoing basis to confirm the capital resources required to finance capital expenditure are in place, the future years programme is fully funded, and the level of prudential borrowing remains affordable.

7.11 The Executive Director of Corporate Resources and Customer Services will continue to manage the financing of the programme to ensure the final capital funding arrangements secure the maximum financial benefit to the Council.

APPENDIX A – Capital Programme 2023/24 to 2025/26
