Summary:

The Asset Management Strategy and Asset Disposal Policy set out the vision and aspirations for the effective management of the Council’s corporate asset portfolio and the role it plays in supporting and shaping the Council’s agenda for the 2030 vision.

Aside from its staff, the Council's next biggest resource is its land and property therefore it is vital that this resource is managed and used effectively and efficiently to ensure that the Council derives maximum benefit from its assets in support of its strategic aims and priorities.

The Asset Management Strategy and Asset Disposal Policy will provide a framework for the planning, prioritisation, management and funding of the Councils asset base.

This is a statutory document that the Council is required to have in place and will be reviewed on an annual basis.

Background Papers:

N/A

1. Introduction

- 1.1 In-order to effectively manage a property portfolio, it is critical that all authorities have an Asset Management Strategy and Asset Disposal Policy approved and in place for the forthcoming financial year.
- 1.2 The Council has therefore developed an Asset Management Strategy and Asset Disposal Policy for guidance.

2. Content

- 2.1 The contents of the Asset Management Strategy and Asset Disposal Policy are defined; however it is recognised that each individual authorities final document will reflect its own individual circumstances. As such the document aims to provide information and guidance on how decisions will be made and what considerations will be taken into account in the management of assets within Sefton. These documents are to be read in conjunction with delivery plans and any other plans derived from this.
- 2.2 Both the Asset Management Strategy and Asset Disposal Policy were last presented as part of the budget reporting in 2023. Whilst the documents in this year's annual review remain largely unchanged with only minor changes, it is considered timely to present the full documents for approval once again. The amendments included in the documents include but are not limited to:

Asset Disposal Policy - Portfolio Breakdown by Value - Page 4

- Values updated.

Asset Disposal Policy – Residential Ground Rents and Chief Rents Portfolio - Page 13

- Updated to state “in progress”.

Asset Management Strategy – reducing the level of backlog maintenance - Page 6

- Sentence added; Where financially possible, the Council will look to allocate resource to a PPM regime in order to arrest further decline and premature failure in our retained assets. The aim should be to achieve a 70/30 split (planned/reactive) as opposed to current approach which is largely reactive.

2.3 The documents will continue to be updated annually with material changes being represented further.
