

### Libraries ranked on key indicators

Each library has been ranked in order (1 to 13) on a range of indicators.

A high rank indicates there is a lower level of viability for a library on a particular indicator. All ranks have been combined into a total to give an overall indicator of the level of viability for each library.

The total has been weighted in favour of the indicators for accessibility by car and public transport the propensity of borrowers to use other libraries (these indicators are worth twice as much as others).

See over for further information.

Libraries	Catchment Population	Adults 65 & over	Children 0-19 yrs	All benefits claimants	Overall index of multiple deprivation	Number of libraries within a 10 min drive	Number of libraries within 20 mins by public transport	% of active borrowers using other libraries	Number of active borrowers	Total number of People's Network sessions	Total number of visits	Total number of issues	Condition survey cost	Total weighted score
Meadows	9	8	7	9	10	5	1	1	3	4	1	5	1	71
Southport	6	4	6	7	8	2	4	12	2	2	2	3	1	77
Bootle	8	10	9	4	1	8	4	5	5	1	5	9	5	91
Crosby	2	3	4	3	4	8	9	11	1	3	3	1	13	93
Netherton	3	2	2	5	5	11	4	3	12	13	11	13	1	103
Formby	13	12	12	13	13	1	9	2	4	5	4	2	4	106
Churchtown	7	7	10	8	9	2	3	8	7	10	9	6	11	110
Birkdale	10	9	11	11	11	5	4	6	6	6	6	4	12	116
Orrell	4	6	3	2	2	11	9	6	13	11	13	9	7	122
Aintree	11	11	8	10	7	7	1	4	11	12	12	12	8	126
Litherland	1	1	1	1	3	13	13	10	10	7	10	11	10	127
College Rd	5	5	5	6	6	8	9	13	9	8	7	8	9	128
Ainsdale	12	13	13	12	12	2	4	9	8	9	8	7	6	130

Column A:	1 =	highest total population; 13 = lowest total population
Column B:	1 =	highest no. of over 65s; 13 = lowest no. of over 65s
Column C:	1 =	highest no. 0-19 years; 13 = lowest no. 0-19 years
Column D:	1 =	highest no. benefit claimants; 13 = lowest no. benefit claimants
Column E:	1 =	highest level of deprivation score; 13 = lowest level of deprivation score
Column F:	1 =	lowest no. of libraries within 10 minute drive; 13 = highest no. of libraries within 10 minute drive
Column G:	1 =	lowest no. of libraries within 20 mins public transport; 13 = highest no. of libraries within 20 mins public transport
Column H:	1 =	lowest % using other libraries; 13 = highest % using other libraries
Column I:	1 =	highest no. of active borrowers; 13 = lowest no. of active borrowers
Column J:	1 =	highest no. PN sessions; 13 = lowest no. PN sessions
Column K:	1 =	highest no. of visits; 13 = lowest no. of visits
Column L:	1 =	highest no. of issues; 13 = lowest no. of issues
Column M:	1 =	lowest cost of condition survey; 13 = highest cost of conditions survey
