## 1. Introduction

1.1 Cabinet and Council were notified on 25 April 2013 and 14 May 2013 of the Government Capital Allocations for 2013/14. The report presented the allocation of that grant funding as follows: -

- Grant funding treated as pre allocated;
- Single capital pot bids recommended by the Strategic Capital Investment Group (SCIG), with the schemes to be funded from the 2013/14 capital allocation; and
- Schemes to be funded from revenue with no call upon the single capital pot.

1.2 Council approved schemes for inclusion in the Capital Investment Plan, including schemes classed as pre allocated, those funded from Direct Revenue Funding and those to be funded from the Single Capital Pot. Council also referred a number of schools' schemes and a Street Lighting scheme back for further consideration by SCIG.

## 2 Schemes for Further Consideration

2.1 The Strategic Capital Investment Group met on 24 June 2013 to consider further schemes for approval and recommended that the schemes detailed in Appendix A be put forward to Cabinet and Council for inclusion within the Capital Investment Plan.

2.2 The schemes identified for inclusion total £0.460m. Of this amount, £0.260m relates to schemes at schools. Discussions have taken place with the schools with regard to the financial position of the Council and consequently the school's ability to contribute to the costs of the schemes. As a result, the schools have agreed to contribute as follows: -

Stanley High	£0.040m to the total cost of £0.180m
--------------	--------------------------------------

Litherland Moss Primary	£0.020m “ “ “ “ “ £0.080m
-------------------------	---------------------------

2.3 As a consequence of the above, the net call on the Single Capital Pot has reduced to £0.400m, leaving £0.858m still unallocated. A number of other schemes are still to be assessed and a further report will be presented to a future Cabinet meeting.

2.4 Should there be an underspend on any scheme, these resources will be returned to the Single Capital Pot. Conversely, any overspend on schemes will not automatically illicit any additional funding and the schemes on the list with the least priority within the bid will not be carried out.

## 3 Capital Priorities Fund

3.1 As noted in the report to Cabinet and Council on 28 February 2013, an additional £1m of capital funding was released from Council reserves aimed at assisting the development of town centres across the Borough, youth employment and the local economy. This £1m was included in the Capital Investment Plan and Cabinet on 25 April 2013 approved £0.050m to be paid to the North West Training Council from this amount.

- 3.2 The Strategic Capital Investment Group, on 24 June 2013, have now recommended further amounts to be allocated from this fund. These are detailed at Appendix A and total £0.326m which brings the total amount approved from the fund to £0.376m.

#### **4 Property Intervention Fund**

- 4.1 The Strategic Capital Investment Group on 24 June 2013 considered an item regarding the delivery of a feasibility study on potential sites on Dunningsbridge Road Corridor. It was agreed that the cost of £0.040m be approved from the Property Intervention Fund and there would therefore be no call on the Single Capital Pot resources.

#### **5 Adult's Personal Social Services Grant 2012/13 £807,910**

- 5.1 The grant for the transformation of Adult Social Care is not ring-fenced and was included in the February report to Cabinet and Council as being retained to support the transformation of Adult Social services, including service remodelling and systems development. Details are currently being developed to identify the prioritisation of this resource, taking into account requirements arising from the 2013-15 budget proposals approved by Council. The allocation of this resource will be presented to Cabinet when schemes have been developed.
