001	Mr Lee Le Clercq Regional Secretary, British Beer & Pub Association, North of England	States that there is nothing within the proposed Statement that his Association would have problems with.	N/A	N/A
002	Cllr T. Hartill	Has read the policy, has no issues with it's contents.	N/A	N/A
003	Mr Roy Marshall via email	<ul style="list-style-type: none"> States that the Licensing Laws are "too liberal and where brought in by the last labour government to try to adopt a mediterranean culture of drinking" and are not working. Clubs should be made to close their premises no later than 2am and pubs by 11.30pm. Any one found to be drunk should be prosecuted and anyone needing NHS treatment for alcohol related problems should be charged a fee. Any shops found to be selling to underaged people should have their licence revoked immediately with no second chances. Clubs should also be made to pay a fee for additional police presence and be shut down if they serve alcohol to people who they believe have had to much to drink. 	<p>N/A</p> <p>Not allowed to set "standard" licensing hours for the Borough.</p> <p>Such prosecutions are covered within primary legislation; charges for NHS treatment outside Policy remit and would need to be enacted by Central Government.</p> <p>Covered by Review process and primary legislation. Licensing Sub-Committees have to consider evidence before them, we cannot pre-judge such cases.</p> <p>Covered under Late Night Levy process, needs evidence of problems to bring in; currently no evidence. Powers to close premises covered within primary legislation.</p>	<p>N/A</p> <p>No change in Policy needed.</p> <p>No change in Policy needed.</p> <p>No change in Policy needed.</p> <p>No change in Policy needed.</p>

004	Jo Higham via email	<p>States that she <i>would go back many years, when pubs opened until 10.30. No late night clubs and people falling out of them drunk and incapable and ready for fighting thus this filling A&E so causing mayhem. Supermarkets should not be almost giving booze away, years ago they had regulated hours when they could sell alcohol.</i></p>	<p>Not allowed to set "standard" licensing hours for the Borough. Minimum pricing for supermarkets would need primary legislation.</p>	<p>No change in Policy needed.</p>
005	Mr Steve Cain via email	<p>States that he is an ex-doorman who is disgusted with some pubs and how they are allowed to run.</p> <p>States that doorstaff should not be letting customers who are drunk into venues and that pubs should be run in the proper manner and that operators should be <i>firm, be honest and be professional</i> and that they will find that more people will come to their venues.</p> <p>Goes on to state that he <i>has been in venues in Southport that are run in a proper manner where when a person has obviously had to much to drink they are refused entry or allowed another drink and asked to leave.</i></p> <p>Indicates that Southport should have a <i>licencing patrol like they have in Blackpool checking venues and reporting venues who act in a irresponcible way, maybe that way you wont need half of Seftons police for on West St on a thur fri sat night, freeing them up to do real policing instaed of babysitting people who cant handle their drink.</i></p>	<p>No changes proposed to Policy</p>	<p>N/A</p>

Ref	Respondent	Comments	Appraisal	Response
006	Anne Rimmer via email	<p>Feels that allowing 24 hr drinking should be reviewed. States that <i>young adults do not go out into town or city centres as they spend hours at home drinking spirits which can be bought so cheaply from offlicences & supermarkets before going out.</i></p> <p>Indicates that her <i>concern is how many of these young adults will have sclerosis of the liver & be generally in poor health. Someone needs to look at the ridiculous drinking laws we have in this country. Why not be the first borough to raise concern for the next generation</i></p>	Not allowed to set "standard" licensing hours for the Borough. Minimum pricing for supermarkets would need primary legislation.	No change in Policy needed.
