BACKGROUND:

1. Introduction

1.1. The CIPFA Prudential Code for Capital Finance in Local Authorities (The Prudential Code) was introduced following the Local Government Act 2003. It details a number of measures/limits/parameters (Prudential Indicators) that are required to be set each financial year. The approval of these limits will ensure that the Council complies with the relevant legislation and is acting prudently and that its capital expenditure proposals are affordable. This report presents for approval the Prudential Indicators required to be set by the Council in 2014/2015 to comply with the code.

1.2. The Council is required to approve Prudential Indicators for the following items:

- (i) Capital Expenditure (Section 2);
- (ii) Financing Costs/Net Revenue Stream (Section 3);
- (iii) Capital Financing Requirement (Section 4);
- (iv) External Debt (Section 5-7);
- (v) Impact on Council Tax (Section 8);
- (vi) Treasury Management Indicators (Section 9).

These indicators are presented in the following paragraphs and summarised at Annex A.

2. Prudential Indicator – Capital Expenditure

2.1. This indicator details the overall total planned capital expenditure of the Council and therefore reflects the Council's Capital Programme.

2.2. The actual capital expenditure that was incurred in 2012/2013 and the estimates for the current and future years capital programme recommended for approval are:-

	<u>2012/2013</u> <u>Actual</u> <u>£m</u>	<u>2013/2014</u> <u>Estimate</u> <u>£m</u>	<u>2014/2015</u> <u>Estimate</u> <u>£m</u>	<u>2015/2016</u> <u>Estimate</u> <u>£m</u>	<u>2016/2017</u> <u>Estimate</u> <u>£m</u>
Childrens Services	5.468	9.177	1.887	0	0
Housing – General Fund	5.332	5.646	4.342	0	0
Technical Services	6.412	12.770	12.482	1.200	1.000
Other Services	20.132	21.323	6.937	0.585	0.050
Total	37.344	48.916	25.648	1.785	1.050

2.3. The estimated levels of expenditure above represent those elements approved by Council and which have been included within the capital programme. This may

change as grant allocations are made known to the Council and are approved for inclusion within the capital programme.

3. Prudential Indicator – Financing Costs/Net Revenue Stream

3.1. This indicator measures the total capital financing costs of capital expenditure as a proportion of the total level of income from Government grants and local Council Taxpayers.

3.2. Estimates of the ratio for the current and future years and the actual figures for 2012/2013 are:

Financing Costs/Net Revenue Stream					
	<u>2012/2013</u>	<u>2013/2014</u>	<u>2014/2015</u>	<u>2015/2016</u>	<u>2016/2017</u>
	<u>Actual</u>	<u>Estimate</u>	<u>Estimate</u>	<u>Estimate</u>	<u>Estimate</u>
General Fund	5.4	5.9	6.4	6.9	7.1

3.3. The estimates of financing costs include current commitments and proposals contained in the capital programme. The 2012/2013 percentage is lower than future projections as the future years projections reflect reduced levels of funding from the Government. The increase in the ratio masks the fact that the level of new borrowing in future years is reduced as the Capital Investment Plan reduces in scale.

4. Prudential Indicator – Capital Finance Requirement

4.1. The Capital Financing Requirement indicator reflects the Authority's underlying need to borrow for a capital purpose. This is based on historic capital financing decisions and a calculation of future years planned capital expenditure requirements.

4.2. Estimates of the end of year Capital Financing Requirement for the current and future years are set out in the table below:

Capital Financing Requirement					
	<u>31/03/13</u>	<u>31/03/14</u>	<u>31/03/15</u>	<u>31/03/16</u>	<u>31/03/17</u>
	<u>£m</u>	<u>£m</u>	<u>£m</u>	<u>£m</u>	<u>£m</u>
	<u>Actual</u>	<u>Estimate</u>	<u>Estimate</u>	<u>Estimate</u>	<u>Estimate</u>
General Fund	215.352	214.700	210.000	202.000	195.000

4.3. CIPFA’s Prudential Code for Capital Finance in Local Authorities includes the following statement as a key indicator of prudence:

“In order to ensure that the medium term net borrowing will only be for a capital purpose, the local authority should ensure that net external borrowing does not, except in the short-term, exceed the total of capital financing requirement in the preceding year plus the estimates of any additional capital financing requirement for the current and next two financial years”.

5. Prudential Indicator – Borrowing Limits

5.1. External borrowing undertaken by the Council arises as a consequence of all the financial transactions of the Authority, both capital and revenue, and not simply those arising from capital spending. The Council manages its Treasury Management position in terms of its external borrowings and investments in accordance with its approved Treasury Management Strategy and Policy Statements. These documents are presented for approval elsewhere on today’s agenda.

5.2. The Operational Boundary

5.2.1. The Operational Boundary sets a limit on the total amount of long-term borrowing that the Council can undertake. It reflects the Authority’s current commitments, existing capital expenditure plans, and is consistent with its approved Treasury Management Policy Statement and practices. The figures are based on prudent estimates.

5.2.2. In respect of the Operational Boundary it is recommended that the Council approves the following limits for the next three financial years. These limits separately identify borrowing from other long-term liabilities.

Operational Boundary				
	<u>2013/2014</u>	<u>2014/2015</u>	<u>2015/2016</u>	<u>2016/2017</u>
	<u>£m</u>	<u>£m</u>	<u>£m</u>	<u>£m</u>
Borrowing (long-term)	152.000	157.000	156.000	155.000
Other long term liabilities (transferred debt - Merseyside Residuary Body)	6.500	5.500	4.500	4.500
Total	158.500	162.500	160.500	159.500

5.2.3. The Council is asked to approve these limits and to delegate authority to the Head of Corporate Finance and ICT to manage the movement between the separately agreed limits for borrowing and other long-term liabilities within the total limit for any individual year. Any such changes made will be reported to Members at the earliest opportunity.

5.3. The Authorised Limit

5.3.1. The Authorised Limit sets a limit on the amount of borrowing (both short and long-term) that the Council undertakes. It uses the Operational Boundary as its base

but also includes additional headroom to allow, for example, for exceptional cash movements. Under the terms of section 3 (1) of the Local Government Act 2003, the Council is legally obliged to determine and review how much it can afford to borrow i.e. the authorised limit. The authorised limit determined for 2014/2015 will be the statutory limit determined under section 3 (1).

5.3.2. The Council is asked to delegate authority to the Head of Corporate Finance and ICT to effect movement between the separately agreed figures for borrowing and other long-term liabilities within the total authorised limit for any year. Any such changes will be reported to the Council at the earliest opportunity. The Authorised Limit for external debt is as follows:

Authorised Limit				
	<u>2013/2014</u> £m	<u>2014/2015</u> £m	<u>2015/2016</u> £m	<u>2016/2017</u> £m
Borrowing (short & long-term)	167.000	172.000	171.000	170.000
Other long term liabilities	6.500	5.500	5.500	4.500
Total	173.500	177.500	175.500	174.500

6. Prudential Indicator – Actual External Debt

6.1. The Prudential Code requires that in setting indicators for 2014/2015, the Council reports its actual levels of external debt as at 31 March 2013. The Council's actual external debt at 31 March 2013 was £147.306 comprising £123.291m borrowing, £17.881m in respect of finance lease liabilities, and £6.134m other long-term liabilities.

7. Gross Debt and the Capital Financing Requirement

7.1. This prudential indicator is used to ensure that the authority does not borrow in advance of need. If the authority borrowed in advance of need then the net position would be negative – i.e. borrowing greater than the CFR. The figures below illustrate that the Council is not intending to borrow in advance of need, and that there is a significant level of "internal borrowing".

Authorised Limit				
	<u>2013/2014</u> £m	<u>2014/2015</u> £m	<u>2015/2016</u> £m	<u>2016/2017</u> £m
CFR	214.700	210.000	202.000	195.000
Gross Debt	-147.752	-151.527	-150.925	-150.227
Net	66.948	58.473	51.075	44.773

8. Prudential Indicator – Impact on Council Tax

8.1. Under the Prudential Code, Local Authorities are able to decide the level of borrowing required to meet the demands of the capital programme. Any

unsupported borrowing will have to be funded by Council Taxpayers. As such, these indicators are a key measure of affordability of unsupported borrowing undertaken to support capital investment decisions.

- 8.2. The indicators for the impact on Council Tax of unsupported borrowing are to reflect any ADDITIONAL/NEW unsupported borrowing approval.
- 8.3. Due to current budget constraints no new starts have been included within the 2014/2015 capital programme, that are financed from borrowing.
- 8.4. In the event that any amendments are made to the New Starts Capital Programme, the indicator will be recalculated accordingly.

9. Prudential Indicator – Treasury Management

9.1. The Council has adopted the CIPFA Code of Practice for Treasury Management in the Public Services. The annual Policy and Strategy Documents establish the following limits/controls for interest rate exposure, debt maturity profiles and an upper limit for investments made by the Council for more than 364 days.

9.2 Interest Rate Exposure

- i) An upper limit on its fixed interest rate exposures for 2014/2015 – 2016/2017 of 340% of its net outstanding principal sums;
- ii) An upper limit on its variable interest rate exposures for 2014/2015 – 2016/2017 of -20% of its net outstanding principal sums.

This indicator calculates exposure of either fixed or variable rate borrowings, less fixed or variable rate investments, expressed as a percentage of both fixed and variable rate borrowings net of fixed and variable rate investments.

9.3 Debt Maturity Profile

A debt maturity profile is detailed in the following table i.e. the amount of borrowing that is fixed rate maturing in each period as a percentage of total projected borrowing that is fixed rate.

Debt Maturity Profile	<u>Upper limit</u>	<u>Lower limit</u>
Under 12 months	35%	0%
12 months and within 24 months	40%	0%
24 months and within 5 years	40%	0%
5 years and within 10 years	40%	0%
10 years and above	90%	25%

9.4 Investments Over 1 Year

An upper limit on the value of non-specified investments over 1 year, but less than 5 years (as approved in the annual Treasury Management Policy and Strategy Documents) is set at 40% of Total Investments. This limit will be kept under review

to take advantage of any opportunities in the current money market. Members will be advised of any change.

10. Monitoring Prudential Indicators

- 10.1. Having established the Prudential Indicators the Head of Corporate Finance and ICT will monitor them during the year and report on actual performance as part of the Council's Annual Accounts. In the event of any variations during a financial year, reports will be presented to Cabinet highlighting the variation, the reason and the corrective action to be taken.
