Report to:	Cabinet Overview and Scrutiny Committee (Children's Services)	Date of Meeting:	26 <sup>th</sup> March 2015 31 <sup>st</sup> March 2015	
Subject:	Child Sexual Exploitation (CSE) - Post Rotherham	Wards Affected:	All Wards	
Report of:	Director of Young People and Families			
ls this a Key Decision?	No Is it inclu	uded in the Forward	Plan? No	
Exempt/Confidential No				

#### Purpose/Summary

A report was prepared in October 2014 as immediate response to announcements in Rotherham and presented to Overview and Scrutiny Management Board in January 2015 on "CSE in Sefton: Evaluation of Current and Past Practice".

The current report provides an outline of the learning from Rotherham and other child sexual exploitation reviews which have taken place since the publication of the Professor Jay report. Information is provided as to the actions that have, and are, taking place in Sefton to address the national lessons learned and to safeguard children and young people in Sefton from child sexual exploitation.

The report is intended to inform Members of the work undertaken to safeguard children from Child Sexual Exploitation in respect of their duties under the Local Government Act 1999 regarding governance and scrutiny of children and young people's services.

## Recommendation(s)

#### Cabinet

To note the work taking place in Sefton regarding Child Sexual Exploitation

To refer the report to Overview and Scrutiny Committee (Children's Services) for consideration

#### **Overview and Scrutiny Committee (Children's Services)**

To note and consider the work taking place in Sefton regarding Child Sexual Exploitation

# How does the decision contribute to the Council's Corporate Objectives?

	Corporate Objective	Positive Impact	<u>Neutral</u> Impact	<u>Negative</u> Impact
1	Creating a Learning Community	x		
2	Jobs and Prosperity	х		
3	Environmental Sustainability		Х	
4	Health and Well-Being	X		
5	Children and Young People	Х		
6	Creating Safe Communities	X		
7	Creating Inclusive Communities	X		
8	Improving the Quality of Council Services and Strengthening Local Democracy		X	

### **Reasons for the Recommendation:**

To ensure Cabinet members are aware of the partnership activity undertaken to safeguard children from child sexual exploitation in Sefton.

### Alternative Options Considered and Rejected:

N/A

What will it cost and how will it be financed?

- (A) Revenue Costs N/A
- (B) Capital Costs N/A

#### Implications:

The following implications of this proposal have been considered and where there are specific implications, these are set out below:

Fina	ncial	
Lega	al	
Hum	an Resources	
Equa 1.	•	
1.	No Equality Implication	x
2.	Equality Implications identified and mitigated	
3.	Equality Implication identified and risk remains	

## Impact of the Proposals on Service Delivery:

N/A

### What consultations have taken place on the proposals and when?

The Head of Corporate Finance and ICT (FD 3502/15) and Head of Corporate Legal Services (LD 2794/15) have been consulted and any comments have been incorporated into the report.

### Implementation Date for the Decision

Immediately following the Committee meeting.

Contact Officer:	Colin Pettigrew
Tel:	0151 934 3333
Email:	colin.pettigrew@sefton.gov.uk

#### **Background Papers:**

There are no background papers available for inspection

## 1. Introduction/Background

- 1.1 A report was prepared in October 2014 as an immediate response to the publication of the report regarding Professor Alexis Jay's Independent Inquiry into Child Sexual Exploitation in Rotherham (1997 2013)<sup>1</sup>. The report entitled "CSE in Sefton: Evaluation of Current and Past Practice" was presented to Overview and Scrutiny Management Board in January 2015. This was also reported to the Local Safeguarding Children Board in December 2014.
- 1.2 The current report provides an outline of the learning from Rotherham and other child sexual exploitation reviews and government announcements which have taken place since the publication of the Jay report. Information is provided as to the actions that have, and are, taking place in Sefton, to address the national lessons learned and to safeguard children and young people in Sefton from child sexual exploitation.

# 2. National reviews and government announcements regarding child sexual exploitation

- 2.1 Since the publication of the Jay Report there has continued to be a focus on learning lessons from young people's experience of being sexually exploited and the practices of agencies in safeguarding them and bringing offenders to justice.
- 2.2 In response to Professor Jay's report, the Secretary of State for Communities and Local Government appointed Louise Casey CB to carry out an inspection of Rotherham Metropolitan Borough Council (RMBC) under section 10 of the Local Government Act 1999. The Sectary of State subsequently wrote to Leaders of Councils, copying the letter to Chairmen of Health and Wellbeing Boards in England to confirm this announcement. The Secretary of State asked that all Leaders read Professor Jay's report and consider whether adequate measures were in place to ensure they could not be accused of similar findings. The Home Secretary wrote in similar terms to Chief Constables and Police Crime Commissioners.
- 2.3 In September 2014 Her Majesty's Inspectorate of Constabulary (HMIC) published the report of its inspection (as part of a national program) of the child protection work of South Yorkshire Police<sup>2</sup>.
- 2.4 In October 2014 a report 'Real Voices'<sup>3</sup> was published. Ann Coffey, MP for Stockport (and Chair of the All Party Parliamentary Group for Runaway and Missing Children and Adults) outlined in the report findings of an inquiry which had been commissioned by the PCC for Greater Manchester, Tony Lloyd. The terms of reference for the inquiry were to look at the changes made in safeguarding children from child sexual exploitation by Greater Manchester Police (GMP) and partner agencies since the 2012 Rochdale sexual grooming case and identify what more needed to be done in the future.

<sup>&</sup>lt;sup>1</sup>Independent Inquiry into Child Sexual Exploitation in Rotherham (1997 – 2013)'

<sup>&</sup>lt;sup>2</sup> 'National Child Protection Inspections South Yorkshire Police 12 – 22 May 2014' <u>http://www.justiceinspectorates.gov.uk/hmic/wp-content/uploads/south-yorkshire-national-child-protection-inspection.pdf</u>

<sup>&</sup>lt;sup>3</sup> 'Real Voices' http://www.gmpcc.org.uk/wp-content/uploads/2014/02/81461-Coffey-Report\_v5\_WEB-single-pages.pdf

- 2.5 In November 2014 Ofsted published the findings of the CSE thematic inspection 'The Sexual Exploitation of Children: It couldn't happen here could it?' <sup>4</sup>.
- 2.6 In January 2015 findings were published of an inspection led by Louise Casey of Rotherham Council's compliance with the requirements of the Local Government Act 1999 in relation to its exercise of functions on governance, children and young people and taxi and private hire licensing<sup>5</sup>.
- 2.7 On 3<sup>rd</sup> March 2015 Oxfordshire Safeguarding Children Board published the Serious Case Review (SCR) into child sexual exploitation in Oxfordshire, which had been initiated in September 2012<sup>6</sup>. The SCR Overview Report made 13 recommendations, which sit alongside the 14 individual agency action plans to address child sexual exploitation.
- 2.8 On 3<sup>rd</sup> March 2015 the Government published a report 'Tackling Child Sexual Exploitation'<sup>7</sup>. The report set out the government's commitment to; ensuring accountability and leadership, changing the culture of denial, improving joint working and information sharing, protecting vulnerable children, stopping offenders and supporting victims and survivors. The report includes reference to a consultation on extending the criminal offence of 'willful neglect', which carries a maximum jail term of five years, to children's social care, education and elected members as part of its national response to reports by Alexis Jay, Ann Coffey, Louise Casey and others. The report makes a commitment to child sexual abuse being prioritised as a national threat, like serious and organised crime, which means police forces now have a duty to collaborate with each other across force boundaries to safeguard children including more efficient sharing of resources, intelligence and best practice, supported by specialist regional CSE police coordinators.
- 2.9 On the 3<sup>rd</sup> March 2015 the Chief Social Worker for Children and Families, Department for Education, wrote to Directors of Children's Services, copying in Chief Executives and Lead Members<sup>8</sup>. This letter asked that an immediate review is undertaken of the assessment and decision making tools used to support professionals making decisions about risk.
- 2.10 The National Working Group (NWG) Network, a charitable membership organisation has published a summary of recommendations which draws many of the lessons learned together<sup>9</sup>.

2.11 Barnardo's and the LGA have also published guidance for local authorities on developing effective responses to child sexual exploitation entitled 'Tackling Sexual Exploitation'<sup>10</sup>.

# 3. National lessons learned and activity undertaken in Sefton

- 3.1 Sefton has been working closely with other Merseyside Local Authorities and Merseyside Police to develop a co-ordinated response to CSE. The PAN Merseyside CSE Strategy (Appendix 1) has been developed with key priorities, the words highlighted in bold refer to Sefton Safeguarding Children's Board's associated CSE Strategy on a Page (Appendix 2) and CSE Implementation Plan:
  - Governance Make sure that CSE remains a high strategic priority.
  - Profile Identify those at risk of being sexually exploited to improve the lives of young people.
  - **Prevent** Apply pro-active problem solving to address risks associated with victims, perpetrators and locations and ensure the safeguarding and welfare of children and young people who are or may be at risk from sexual exploitation.
  - **Protect** Ensure timely and effective interventions with children and families to safeguard those vulnerable to sexual exploitation.
  - **Prosecute** Take action against those intent on abusing and exploiting children and young people in this way.
- 3.2 The lessons learned from reviews outlined in Section 2 of the report are presented in accordance with each of the Sefton Local Safeguarding Children Board CSE Strategy priorities. The remainder of this report provides detail of the activity which has, and is, being undertaken in Sefton to address the lessons learned by the reviews.

## 3.3 Governance

- 3.3.1 The Jay Report stated that Rotherham Safeguarding Children Board had good inter-agency CSE policies and procedures in place, but that members of the Board rarely checked whether they were being implemented or were working. The challenge and scrutiny function of the Safeguarding Board and the Council were found to be lacking. The subsequent Casey Report concluded that the Council were in denial about serious and on-going safeguarding failures. Subsequent to the Casey Report the Secretary of State for Communities and Local Government decided to put an intervention package in place, consisting of a team of Commissioners, providing them with functions and roles to oversee actions which the Authority is to perform.
- 3.3.2 In Sefton there is an established Children's Services Continuous Improvement Board, chaired by the Chief Executive, attended by a challenge partner, Chief Executive for Halton, the Portfolio Holder for Children's Services, the Director of Children's Services and Independent Chair of the Local Safeguarding Children Board. The Board provides scrutiny of Children's Social Care and the Local Safeguarding Children Board activity and effectiveness across a range of safeguarding concerns, child sexual exploitation is a focus of this scrutiny.

<sup>&</sup>lt;sup>10</sup> Tackling Sexual Exploitation <u>http://www.barnardos.org.uk/tackling\_child\_sexual\_exploitation.pdf</u>

- 3.3.3 Merseyside Police Assistant Chief Constable, responsible for vulnerable children, meets bi-monthly with Directors of Children's Services, LSCB Board Managers and Family Crime Unit senior police officers. The group have developed a PAN Cheshire / Merseyside Strategy (2014-2017), to which Sefton is a signatory (Appendix 1). The implementation of this Strategy is overseen by an independently chaired Pan Merseyside CSE Gold Group. Sefton's representatives on this group are the Director of Children's Services, as the Local Safeguarding Children Board CSE Sub Group Chair, LSCB Business Manager and Safeguarding Children Unit Service Manager, who is Sefton's representative on the CSE National Working Group.
- 3.3.4 The Sefton Local Safeguarding Children Board and Sefton 0-19 Forum of the Health and Wellbeing Board both have safeguarding children and young people from child sexual exploitation as a Strategic Priority, as outlined in the respective current draft Local Safeguarding Children Board Business Plan and Children's Plan 2015-17.
- 3.3.5 Local Safeguarding Children Boards have a statutory responsibility, through their sub group structure, to scrutinise the effectiveness of individual agency's safeguarding arrangements and the effectiveness of partnership working. In Nov 2014 the Director of Children's Services took up the role of Chair to the LSCB Child Sexual Exploitation Sub Group, to better hold to account key agencies implementation of the CSE Strategy. The CSE Sub Group Chair provides reports to the Local Safeguarding Children Board, the Children's Services Continuous Improvement Board and the Pan Merseyside CSE Gold Group regarding the implementation of the CSE Strategy.
- 3.3.6 The Sefton Local Safeguarding Children Board CSE Strategy (Appendix 2) and CSE Strategy Implementation Plan have been developed and set out a clear shared vision to safeguard young people and bring offenders to justice. The Local Safeguarding Children Board CSE Strategy Implementation Plan continues to be developed by the learning from data analysis, qualitative audit and themes arising from the operational CSE concerns. The Implementation Plan evidences actions being undertaken across the partnership to identify CSE concerns, prevent and protect young people from CSE and profile and prosecute offenders.
- 3.3.7 The Child Sexual Exploitation Partnership Pathway has been revised and strengthened and became operational on 17<sup>th</sup> October 2014 (Appendix 3). This has been communicated to the workforce working with children and young people by members of the Local Safeguarding Children Board. Further detail as the operational practice of the CSE Pathway is provided in subsequent sections of this report.
- 3.3.8 The Sefton Local Safeguarding Children Board Escalation Procedure can be initiated, should one agency believe their concerns are not being taken seriously or there are concerns as to the safeguarding practice of another agency.
- 3.3.9 The Pan Cheshire / Merseyside CSE Strategy sets out the commitment for all agencies to have a CSE Single Point of Contact (SPoC). The CSE SPoC has a role to ensure their agency identifies CSE using the CSE 2 screening tool and

make a CSE referral to the Multi Agency Safeguarding Hub (MASH). The LSCB has a list of all agency CSE SPoCs.

- 3.3.10 The Ofsted CSE thematic inspection highlighted that Birmingham Local Safeguarding Children Board did not receive data on children missing from home, care or education and received insufficient data on child sexual exploitation. Birmingham local authority and partners did not collect, collate and analyse information in a systematic way. As a result partners could not be assured of the whereabouts or safety of the young people. The Sefton Local Safeguarding Children Board CSE Sub Group has extended its Terms of Reference to cover children missing from home, care and education.
- 3.3.11A Sefton Local Safeguarding Children Board CSE dataset has been developed to gather multi-agency data on a range of indicators that will enable the Board to understand the known prevalence of child sexual exploitation in Sefton. The dataset is reported on a monthly basis to the Local Safeguarding Children Board CSE and Missing Sub Group. Further detail as to this dataset is presented in para3.4.10.
- 3.3.12 A Strategic Missing Children Monitoring Group has been established and is chaired by the Service Manager for Safeguarding, who is also Co-Chair of the Multi-Agency Child Sexual Exploitation Panel (MACSE) and a member of the LSCB CSE and Missing Children Sub Group. Members of the Strategic Monitoring Group are senior managers responsible for all elements of Children's Social Care, the Detective Inspector responsible for missing people and CSE, Missing from Home and Child Sexual Exploitation Police Officers, Sefton Council Child Sexual Exploitation Business Officer / Analyst, Early Intervention Service representatives (who undertake the Independent Return Interviews), the Council Strategic Lead for Organised Crime Groups and Business Intelligence / Quality Assurance Officers.
- 3.3.13 The Strategic Missing Children Monitoring Group provides scrutiny as to whether agencies are complying with the revised Local Safeguarding Children Board Missing Children Procedure. The Group will also analyse data to identify patterns and trends arising from missing incident reports and information provided by children and young people during their independent return interviews. An integrated multi agency data set has been developed which analyses children missing from home, care and education.
- 3.3.14 The dataset also analyses children reported missing who have been placed in Children's Homes within the Sefton boundary by Other Local Authorities and whether there are any concerns regarding the safeguarding practice of the placing authority or the Care Home provider.
- 3.3.15 Assurance as to agencies compliance with the Local Safeguarding Children Board Missing Protocol is reported to the LSCB CSE and Missing Sub Group. Identified patterns and trends associated with CSE is reported to the Local Safeguarding Children Board and Multi-Agency Child Sexual Exploitation Panel, a Multi-Agency Child Sexual Exploitation operational panel chaired by the Detective Chief Inspector with responsibility for Sefton's Vulnerable Person Unit and Service Manager with responsibility for the Safeguarding Children Unit. Links identified to Organised Crime Groups are reported to the Multi-Agency Response to Gung and Gangs

(MARGG) meeting. Concerns as to the practice of placing Other Local Authorities and Children's Homes providers are reported to the Local Safeguarding Children Board Children in the Care of Other Local Authorities (CICOLA) Sub Group, which is chaired by the Director of Children Services (see Appendix 4 for the Local Safeguarding Children Board Governance Structure).

- 3.3.16 The Local Safeguarding Children Board Children In the Care of Other Local Authorities Sub Group has developed a Provider of Concern Protocol, which enables providers who are not safeguarding children in their care from CSE to be identified and reported to Ofsted as their Regulatory body. The Children In the Care of Other Local Authorities Sub Group Chair, the DCS, reports activity that has been undertaken to address providers of concern to the Local Safeguarding Children Board. In the last 12 months 3 Children's Homes have closed due to inadequate practice.
- 3.3.17 The Oxfordshire Serious Case Review recommended that the Local Safeguarding Children Board to continue rigorous multi agency case audits where CSE is suspected. Sefton LSCB Quality Assurance Sub Group is currently undertaking a qualitative case file audit of children who have been referred to the Multi-Agency Child Sexual Exploitation Panel on more than one occasion. The CSE and Missing Children Sub Group have requested that analysis be undertaken of the CSE Strategy Meetings which have not progressed to a Multi-Agency Child Sexual Exploitation Panel discussion, this analysis is currently being undertaken. The findings of these audits and any required recommendations will be reported to the Local Safeguarding Children Board Quality Assurance and CSE and Missing Sub Groups. The findings will inform further development of the CSE Strategy Implementation Plan.
- 3.3.18 The Government has announced an expectation that all Local Safeguarding Children Boards will conduct regular local assessments on the effectiveness of local arrangements to child sexual exploitation and publish the outcome of those assessments through their annual reports. The expectation is that the analysis should set out how local partners have used their data to drive their response to vulnerable children and families. The Local Safeguarding Children Board reporting template each agency is required to complete at the end of the financial year will require evidence to be provided of the work they have undertaken to safeguard children from CSE and bring offenders to justice. This evidence will inform a specific CSE chapter in Sefton Local Safeguarding Children Boards Annual Report (2014-15). The CSE chapter will also be informed by the Boards CSE and Missing datasets, qualitative case file analysis findings and provide evidence of the work of the Local Safeguarding Children Board Sub Groups. The CSE Chapter will provide an overview of activity undertaken with regard to the CSE Implementation Plan and how this has safeguarded children from CSE in Sefton.
- 3.3.19The Oxfordshire Serious Case Review recommended that the Local Safeguarding Children Board review it's inter relationship with other partnerships. The work outlined in paragraphs 3.3.6 – 3.5.8, regarding Taxi Licensing and the CSE raising awareness campaign being undertaken via Taxi Drivers in Sefton, was reported to the Licensing and Regulatory Committee in January 2015 and the Community Safety Partnership in December 2014. Sefton Community Safety Partnership has sexual violence as a strategic priority. It is the Local Safeguarding Children Boards

statutory responsibility to ensure children and young people under the age of 18 are safeguarded. A presentation regarding the work undertaken by the Local Safeguarding Children Board CSE and Missing Sub Group is planned to be delivered to the Community Safety Partnership in June 2015.

# 3.4 Profile

3.4.1 The Coffey Report referenced the move from a definition of 'child prostitution' to 'child sexual exploitation'. The following definition, as stated in the Statutory Guidance 'Safeguarding Children from Child Sexual Exploitation'<sup>11</sup> is referenced in the Sefton Local Safeguarding Children Board CSE Procedure and all CSE training and raising awareness sessions.

'Sexual exploitation of children and young people under 18 involves exploitative situations, contexts and relationships where young people (a third person or persons) receive 'something' (e.g. food, accommodation, drugs or alcohol, cigarettes, affections, gifts, money) as a result of them performing, and/or another or others performing on them, sexual activities. Child sexual exploitation can occur through the use of technology without the child's immediate recognition; for example being persuaded to post sexual images on the Internet/mobile phones without immediate payment/gain. In all cases, those exploiting the child/young person have power over them by virtue of their age, gender, intellect, physical strength and/or economic or other resources. Violence, coercion and intimidation are common, involvement in exploitative relationships are characterised in the main by the child or young person's limited availability of choice resulting from their social / economic and /or emotional vulnerability.'

- 3.4.2 The Coffey Report stated 'One of the key issues in the Rochdale case was the failure of police and partner agencies to listen properly to young victims and their families and to adequately respond to them...It is clear that victims in Rochdale and elsewhere were not identified or taken seriously because of the negative and discriminatory attitudes of the police and other partner agencies towards them. Their behaviour was seen as a lifestyle choice and because of that they were not seen as vulnerable children and were not given the protection they should have expected from organisations with a responsibility to safeguard them.
- 3.4.3 Analysis has, and is, being undertaken of past practice to identify what lessons need to be learned in Sefton. Children's Social Care and the Police are working together to review past practice as evidenced within Strategy Meeting that have taken place over a 10 year period. The results of this activity will be presented in a future report. Lessons learned from this analysis, together with the findings of national inquiries and inspections, have informed the activity being undertaken which is outlined in this report.
- 3.4.4 Coffey stated that Britain needs a big change in attitudes towards child sexual exploitation and she believes that such exploitation should be declared as a priority

<sup>&</sup>lt;sup>11</sup> Safeguarding Children from Sexual Exploitation (DFE 2009:p9)

https://www.gov.uk/government/uploads/system/uploads/attachment\_data/file/278849/Safeguarding\_Children\_and\_Young \_People\_from\_Sexual\_Exploitation.pdf

public health issue, like smoking, obesity, alcohol and drug use, so that a more strategic approach can be developed.

- 3.4.5 A CSE Needs Review has been commissioned by Sefton Public Health. The findings of this Needs Review will be reported to the Local Safeguarding Children Board CSE and Missing Sub Group and the 0-19 Forum of the Health and Wellbeing Board. The finding will inform future commissioning of services to work with young people at risk of, and who are, a victim of CSE.
- 3.4.6 The Coffey Report makes further specific reference to 'a child' for these purposes being a young person under the age of 18. The responsibility to safeguard all young people under the age of 18 in Sefton from child sexual exploitation is explicit in the Local Safeguarding Children Board CSE Procedure, CSE training and raising awareness materials. The Local Safeguarding Children Board CSE dataset, referred to in para 3.3.10, analyses the age of young people referred due to CSE concerns and monitors any lack of reporting by agencies for young people aged over the sexual consenting age of 16. Specific work has been undertaken with sexual health services, and is planned to be undertaken with Pharmacists and GPs, to ensure they are aware of this responsibility.
- 3.4.7 The Coffey Report made a clear recommendation for the inclusion of 'boys and young men' in literature. Sefton Local Safeguarding Children Board CSE raising awareness and training materials use photographic images of, and references to, boys and young men to ensure they too are safeguarded from CSE.
- 3.4.8 The Oxfordshire Serious Case Review recommended that minutes of multi-agency meetings be clear about ownership, have consistent titles, and can be seen by their content to be of high value. In Sefton a CSE Strategy Meeting recording template has been developed and the recording of Sefton Multi-Agency Child Sexual Exploitation meetings has been reviewed. A clear template for a Multi-Agency Child Sexual Exploitation Action Plan has been developed, using the priorities of the CSE Strategy; Profile, Prevent, Protect and Prosecute as headings within the plan. The document records attendance at the Multi-Agency Child Sexual Exploitation meeting, discussions that took place, and outlines the responsibility of individuals to undertake actions clearly set out in the Multi-Agency Child Sexual Exploitation Plan and associated timescales. The Prosecute element of the Plan is recorded on the child's records and Police records but is not disseminated further, to ensure security of Police investigative techniques.
- 3.4.9 The Children's Social Care electronic data system has been reviewed to embed the CSE screening tool, CSE Strategy Meeting and Multi-Agency Child Sexual Exploitation Plans within the electronic system. The records provide evidence of the work undertaken to safeguard a young person from CSE and informs the CSE dataset.
- 3.4.10 The Local Safeguarding Children Board CSE dataset is based on numbers of young people 'at risk' or 'victims', and numbers of perpetrators who are known and/or have been prosecuted. The dataset also gathers information about related risk factors (i.e. homelessness, self-harm, repeat attendance at sexual health services and missing / absent reports) in order to provide a richer profile of CSE risks locally. Where the dataset highlights potential issues, qualitative case file

audits will be undertaken to investigate and understand the reasons behind the data.

- 3.4.11 In response to the letter sent by the Chief Social Worker to Directors of Children's Services, asking that an immediate review is undertaken of the assessment and decision making tools used to support professionals making decisions about risk, a review of the CSE 2 referral form and screening tool used in CSE and Strategy Meetings has commenced. An audit of all Strategy Meetings which have not progressed to Multi-Agency Child Sexual Exploitation is being undertaken to ascertain if this is related to the use of the screening tool. The findings of this Audit will be reported to the next Local Safeguarding Children Board CSE and Missing Children Sub Group and in turn the Local Safeguarding Children Board.
- 3.4.12 The Coffey Report suggested there is a significant underestimation of child sexual exploitation in Greater Manchester: GMP figures regarding recorded sexual offences under 18's between 1<sup>st</sup> June 2013 and 31<sup>st</sup> May 2014 shows that 111 cases out of 1,691 were flagged on the Police computer as child exploitation. The Report concluded that an under identification of CSE was evidenced by the lack of 'flags' on Police computer systems which identified young people at risk of or experiencing CSE. A system for tracking each CSE referral was introduced in Sefton in October 2014. The CSE dataset monitors that CSE flags are recorded within the Police electronic record of all young people considered to be at risk or experiencing CSE concerns. Work is being undertaken with the Police to ensure 100% of recording of CSE flags regarding young people referred to the Multi-Agency Child Sexual Exploitation. The Police undertake analysis of current investigations, sanctions and Court outcomes and report this to the Local Safeguarding Children Board CSE and Missing Sub Group.
- 3.4.13 Resource has been invested in a CSE Business Officer / Analyst post working across the MASH and MACSE. This role is located with the CSE and Missing from Home Police Officers. The function of this role is to analyse referral sources and report lack of agency referrals to the Local Safeguarding Children Board CSE and Missing Children Sub Group in the CSE data analysis report. This role takes minutes of all CSE Strategy Meetings and Multi-Agency Child Sexual Exploitation Meetings and reports to the Service Manager for Safeguarding, in their capacity as the Multi-Agency Child Sexual Exploitation Panel Co-Chair.
- 3.4.14 The Ofsted Social Care Annual Report (2013-14)<sup>12</sup> made reference to a key concern of their findings being that Councils are still not acting swiftly enough when children in care go missing, despite this group being among the most vulnerable to CSE. The Oxfordshire Serious Case Review recommended that the Board seek assurance from the Council that there are good arrangements for the transfer of information between schools about child vulnerability and that decisions around exclusion from school and its management take into account that the behaviour is, or may be, related to child sexual exploitation.
- 3.4.15 Paragraphs 3.3.9, 3.3.11 3.4.14 and 3.3.17 within the Governance section of this report present the activity undertaken in Sefton to address this lesson learned. Sefton Young Advisors are currently undertaking a review of the Independent

<sup>&</sup>lt;sup>12</sup> Ofsted Social Care Annual Report (2013-14) https://www.gov.uk/government/uploads/system/uploads/attachment\_data/file/410528/ofsted\_social\_care\_annual\_report\_201314.pdf

Return Interview template, to provide their view as to whether this encourages children and young people to talk about their involvement in CSE or organised crime groups. The Independent Return Interview template will be developed on receipt of their feedback.

- 3.4.16 Within the CSE inquiries referenced in section 2 of this report, lessons have been learned of the experiences of 'looked after' children, placed in Children's Homes outside of their home authority, being victims of CSE. Sefton has a significant number of Independent Children's Homes located within its boundary, predominantly in the North. National Regulations were strengthened by Government in 2014 to ensure Local Authorities placing 'looked after' children outside of their boundary notify the area within which they are placing the child. If a child is being placed in an area which is not a Local Authority geographically next to the responsible placing authority, the placing Director of Children's Services must discuss this placement with the Director of Children's Services for the area in which the child is being placed.
- 3.4.17Resource has been invested in an Other Local Authority (OLA) Placement Notification Officer. This role has responsibility for receiving all notifications of a looked after child being placed in Sefton by another Local Authority. The OLA Notification Form requires placing Local Authorities to inform Sefton of any CSE or missing from care risks and any involvement in offending, organised crime, substance misuse or mental health issues. All Notification Forms received are communicated to Health and Education Leads. Any young person who is known to be at risk of CSE is communicated to the CSE Police Officer, Missing from Home Police Officer and CSE Business Officer / Analyst. Any young person considered to be a perpetrator of CSE, offending or organised crime is communicated to the YOT. Any young person with a history of being missing is reported to the Missing from Home Police Officer. This notification process ensures that 'looked after' young people moving into Sefton can be safeguarded by Sefton agencies and support the placing authority in their statutory duty to safeguard the young person. Details of all notifications of 'looked after' young people placed in Sefton by another Local Authority are recorded on the Sefton Children's Social Care electronic data system. As of 11<sup>th</sup> March Sefton had received notifications that 203 looked after young people are placed in Sefton placed by the following Local Authorities:-

Birmingham Blackpool Bury Cheshire West & Chester Darlington Haringey Knowsley * London Borough of Hammersmith & Fulham	Blackburn with Darwen Bristol Cheshire East Cumbria Durham Kirklees Lancashire *
London Borough of Lewisham	
Liverpool * Rochdale Salford Stockton Warrington	Manchester St Helens Slough Thurrock Wigan

Wirral \*

The \* indicates that the Local Authority has more than 5 children placed within the Sefton boundary.

- 3.4.18 In cases of a placing Local Authority not adhering to the Notification Procedure the DCS is informed and is proactive in contacting the placing DCS to discuss this concern. If there are ongoing concerns that the Placing Authority is not acting in a way which safeguards a young person for which they are responsible, Sefton DCS escalates this concern to Ofsted. Sefton DCS has been proactive in initiating consultation with other DCS' on a national basis as to this approach.
- 3.4.19Detail as to the number of children 'looked after' by other Local Authorities placed within the Sefton boundary, and action taken to address concerns regarding placing Local Authorities safeguarding practice, are reported to the Children in the Care of Other Local Authorities (CICOLA) LSCB Sub Group, chaired by the DCS, and in turn the LSCB.
- 3.4.20The Coffey Report referenced the most well-known model of CSE, due to media coverage, being by organised gangs and groups. A previous report from the Office of the Children's Commissioner 'If only some has listened' (November 2013)<sup>13</sup> presented the findings of the Commissioners inquiry into child sexual exploitation and gangs and groups.
- 3.4.21 The Councils Strategic Lead for Organised Crime Groups is a member of the Local Safeguarding Children Board CSE and Missing Children Sub Group and the Strategic Missing Children Monitoring Group. Organised Crime Group data is shared with the MASH Manager and CSE Business Officer / Analyst, enabling potential links between young people being sexually exploited and organised crime groups to be identified at the earliest opportunity. From current analysis there is no evidence to suggest that organised crime groups, such as those observed in Rotherham, Rochdale and Oxfordshire, are undertaking sexual exploitation of children and young people in Sefton.

# 3.5 Prevent

- 3.5.1 A range of CSE raising awareness sessions have been held across the partnership, to ensure CSE concerns are identified and referred to the Multi Agency Safeguarding Hub (MASH):
  - An Local Safeguarding Children Board event has been held with Managers of Children's Homes within Sefton (Nov 2014) to inform them of the CSE Pathway and how to refer concerns about children they are looking after to Sefton MASH.
  - An Local Safeguarding Children Board event has been held with Taxi Companies (Dec 2014) to raise their awareness of lessons learned by the Jay Report, regarding taxi drivers involvement in CSE in Rotherham and the signs of CSE taxi drivers are likely to see within the local community.
  - A presentation has been provided to Public Health Commissioners. As a result CSE related Key Performance Indicators (KPIs) have been developed for all agencies commissioned by Public Health and the Council to work with young

<sup>&</sup>lt;sup>13</sup> 'If only some has listened' <u>http://www.childrenscommissioner.gov.uk/content/publications/content\_743</u>

people e.g. Sexual Health Services and Children's Homes. These KPIs ensure that the agency practices in accordance with the Sefton Local Safeguarding Children Board CSE Pathway, ensures their workforce is trained and make referrals regarding CSE concerns to the MASH.

- A presentation has been provided to Sexual Health Service Strategic Leads, to ensure that the sexual health workforce identify CSE concerns when a young person requests sexual health advice and/or treatment.
- A presentation has been provided to Neighbourhood, Anti- Social Behaviour and Domestic Abuse Service staff within Sefton Council, to ensure that when they are working within local communities they raise community member's awareness of CSE. This will support community members to know what action they can take to protect young people from CSE in their local communities.
- A presentation has been provided to Adult Substance Misuse Services, so the workforce can raise awareness of CSE with the people they work with. As adults who use substances, they in a valuable position to identify situations when drugs are provided to individuals who are using this as a way of sexually exploiting young people.
- 3.5.2 This activity has led to an increase of child sexual exploitation referrals being received by the Multi Agency Safeguarding Hub (MASH). Analysis of agencies which have made CSE referrals evidences that a wider range of agencies than previously are now identifying potential signs of CSE and are taking proactive action to ensure children are appropriately safeguarded. 100 CSE referrals have been received by the MASH between 20th October 2014 -13<sup>th</sup> March 2015, compared to the 30 CSE referrals received between 1<sup>st</sup> January 19<sup>th</sup> October 2014. As of 13<sup>th</sup> March 2015 Sefton has 12 children and young people who are the subject of a MACSE Plan.
- 3.5.3 The Local Safeguarding Children Board, through its Training Sub Group, has delivered a number of briefing sessions and full day CSE awareness raising sessions. The training has been delivered to a number of audiences including Police, Children's Social Care, Targeted Prevention staff, Rape and Sexual Abuse Centre (RASA) and young people involved in the Making a Difference Group. Prior to Oct 2014 approximately 4,200 staff had received information designed to raise awareness and understanding of issues relating to CSE in a variety of ways.
- 3.5.4 The Local Safeguarding Children Board has introduced the use of Parents against Child Exploitation (PACE) online course. Twilight sessions have been undertaken with Schools by the Local Safeguarding Children Board Independent Chair and Board Business Manager, to raise awareness of this to parents via School staff. Development of a specific page of the Local Safeguarding Children Board website dedicated to CSE is under discussion, to ensure links to this online course is accessible.
- 3.5.5 The Professor Jay Report, and subsequently the Casey Report, made reference to weak and ineffective arrangements for taxi licensing which have left the public at risk.
- 3.5.6 Specific work has been undertaken in Sefton with regard to Taxi Drivers. This work was reported to the Licensing and Regulatory Committee in Jan 2015.

- 3.5.7 The Sefton Taxi Licensing Handbook has been revised to include a Safeguarding Chapter which makes specific reference to CSE. Safeguarding children leads now become involved in the Licence Mitigation Panel, to address concerns regarding individuals applying to become a taxi driver.
- 3.5.8 An Local Safeguarding Children Board event was held with Taxi Companies, led by the DCS in December 2014. Lessons learned from the Professor Jay Report were presented. Taxi Companies were asked to identify a CSE SPoC to receive Local Safeguarding Children Board CSE Training which they can cascade to their drivers. Companies were asked to develop a Whistleblowing Policy, encouraging drivers to report any concerns regarding other drivers' involvement in CSE. A CSE raising awareness campaign involving taxi drivers commenced in Dec 2014:
  - 100,000 credit sized cards highlighting the signs of CSE were provided to the Taxi Companies with a request that these be given to members of the local community accessing taxis over the Christmas and New Year period.
  - 3,600 CSE car stickers were provided to be displayed on taxi windows.
  - 3,600 credit card sized cards were provided for all taxi drivers. The cards state the signs of CSE taxi drivers are best placed to see in the local community and details of who to refer the concerns to, via telephoning 101 or 999.
- 3.5.9 The Coffey report refers to communities as being the best source of intelligence and information about children at risk of CSE, but that people need to understand better what to look for, what grooming is and how it operates. Coffey stated it is important to give communities information about CSE in their local areas; if offenders are portrayed in a particular way (e.g. Asian males) then the signs will be missed in people who don't fit that image, and so will the opportunity to protect children.
- 3.5.10 The 18<sup>th</sup> March 2015 is National CSE Day. A variety of materials have been developed via the Pan-Merseyside CSE Campaign, led by the Pan-Merseyside CSE Gold Group. These materials, together with additional materials resourced by member agencies of Sefton Local Safeguarding Children Board, have been cascaded across the partnership, ready to be provided to children and young people, members of the community and the workforce on CSE Day:
  - Tri-fold CSE leaflet explaining the signs of CSE and how to make a CSE referral
  - Young people advice cards
  - Professionals advice cards
  - General awareness posters (suitable for clinics, GP Practices and Children's Centres, etc.)
  - Awareness Posters for Professionals
  - A CSE Pull up Stand
- 3.5.11 Sefton Local Safeguarding Children Board issued a briefing paper to partner agencies on 10<sup>th</sup> March 2015 attaching resources; Email signature banners, suggestions for agency websites, prompts for organisations twitter feeds and a screen saver for internal intranet use. A micro-site has been developed, to support the pan-Merseyside CSE campaign; this can be accessed at www.listentomystory.co.uk

3.5.12 Resources have been forwarded to all Sefton Secondary Schools via the School Envelope.

- 3.5.13 Two full pages have been secured in the Liverpool Echo for 11<sup>th</sup> and 18<sup>th</sup> March to highlight the issue of CSE. Bus adverts will be live on 66 buses throughout whole of Merseyside area for a period of 4 weeks from 9<sup>th</sup> March 2015. A Radio debate on Radio Merseyside, involving Sefton DCS, is planned for 18<sup>th</sup> March 2015 12noon-2pm. A pre-recorded Radio City show, including a young people's panel will also be broadcast.
- 3.5.14 Sefton Communications Team will ensure resources are placed on the Sefton Council website, advertising screens within Council buildings for example, Bootle Town Hall, One Stop Shop, Libraries, and Leisure Centres etc.
- 3.5.15 The Oxfordshire Serious Case Review recommended that Headteachers on the Local Safeguarding Children Board to consider how to ensure better understanding and compliance with the CSE Statutory Guidance. In Sefton Designated Safeguarding Leads in Schools have been confirmed as the School CSE SPoC. Plans are in place for the School CSE SPoCs to receive CSE training from the Local Safeguarding Children Board between April - June 2015.
- 3.5.16 In Sefton RASA have received funding's from Sefton MBC to deliver 'Healthy Relationships' workshops in 10 secondary schools in Sefton. RASA also provide a workshop for parents and carers 'protecting our children' to raise awareness and help protect children from child abuse. The "Terriers Play" has been shown to schools Head Teachers, Designated Safeguarding Leads and School Governors, to encourage the commissioning of the drama which discusses the risks associated with gun and gang crime and makes reference to CSE.
- 3.5.17 The "CSE in Sefton: Evaluation of Current and Past Practice" October 2014 Report, presented to the Overview and Scrutiny Management Board in January 2015, provides details of other CSE raising awareness activity which had taken place prior to Oct 2014.
- 3.5.18The Oxfordshire Serious Case Review recommended that the Local Safeguarding Children Board seek assurance from health bodies, including GP practices, that staff consider child sexual exploitation when assessing a child's ability to consent to treatment and that referrals to statutory agencies will be made appropriately. A further recommendation was made that the Local Safeguarding Children Board should seek assurance from all member agencies that staff are aware of the guidance around consent to sexual activity and relationships.
- 3.5.19 Designated Nurses within the Clinic Commissioning Group (CCG) have undertaken work with health providers, to ensure they have analysed lessons learned from the Professor Jay Report and taken action to address lessons learned. This assurance has been reported to the Local Safeguarding Children Board.
- 3.5.20 Para 3.5.1 outlines the work undertaken with Sexual Health Services to ensure they are aware of the need to analyse young people presenting for sexual health advice and treatment for signs of CSE. In addition to this, work is being undertaken

with Pharmacist Leads at Southport and Ormskirk Hospital to embed CSE screening into the Pharmacist electronic Webstar system. Upon CSE signs being identified the electronic system will guide the Pharmacist to complete an online CSE referral to the MASH. A CSE raising awareness presentation is planned to be delivered to Pharmacists in April 2015.

# 3.6 Protect

- 3.6.1 A Multi-Agency Safeguarding Hub (MASH) has been in place in Sefton since February 2014. The Local Safeguarding Children Board CSE Partnership Pathway makes it clear that all professional concerns regarding CSE should be referred to the MASH using the CSE 2 and Professional Referral Form. This enables in depth screening to be undertaken, by a range of agencies based within the MASH, regarding referrals where CSE is known or suspected. Staff use an agreed CSE screening tool (CSE 2) to support identification of CSE. The screening tool was developed by Bedfordshire as an early forerunner of CSE development.
- 3.6.2 All Local Safeguarding Children Board CSE raising awareness materials advise members of the public to contact 101 or 999. The Police ensure that CSE concerns are reported to the MASH.
- 3.6.3 The Multi Agency Child Sexual Exploitation (MACSE) Panel has been reviewed and strengthened. The Panel is now co-chaired by Detective Chief Inspector responsible for Vulnerable People Unit and Service Manager responsible for the Sefton Council Safeguarding Children Unit. The co- chairs are members of the LSCB CSE Sub Group. The Multi Agency Child Sexual Exploitation Panel ensures all agencies working with young people are invited to attend a discussion regarding the young person they are working with. A multi-agency 'MACSE Plan' is developed, which ensures the young person is protected and offenders are disrupted and prosecuted. Regular review Panel meetings are held to ensure agencies are undertaking the safeguarding, disruption and investigation actions that were agreed.
- 3.6.4 Discussions have been held between co-chair for Multi Agency Child Sexual Exploitation safeguarding lead and the domestic abuse Multi-Agency Risk Assessment Conference (MARAC) Co-ordinator. The MARAC Co-ordinator will ensure that young people aged 16-18 who have been referred to MARAC as a victim of an abusive 'relationship' will be reviewed to ascertain if they are at risk or experiencing from CSE. Any CSE concerns will be referred to the Multi Agency Child Sexual Exploitation Panel for a Multi-Agency CSE Plan to be put in place to safeguard the young person.
- 3.6.5 The Children In the Care of Other Local Authority Sub Group have developed a data analysis report to inform the Children's Homes undertaking a Safe Area Assessment as per their regulatory requirement. This enables Children's Homes providers to understand the risks related to CSE in the area of the Children's Home and take appropriate action to safeguard the children they are looking after.
- 3.6.6 Following consultation with the Making a Difference Group (Children in care council), information regarding CSE is contained in packs given to children when

they become looked after. The Care Leaver's Centre provides 'Keeping Safe' workshops to raise awareness across a range of issue including CSE.

- 3.6.7 The Professor Jay Report recommended commissioning of specialist CSE postabuse support. The Multi Agency Child Sexual Exploitation CSE Sub Group has undertaken mapping of services available to support sexually exploited children and young people. The Public Health CSE Needs Review, commissioned by Public Health to provide commissioners with a greater understanding of the needs of local young people, will inform commissioning of specialist post abuse support.
- 3.6.8 The Police Crime Commissioner (PCC) has commissioned Catch 22 to work with children and young people involved in child sexual exploitation in the Sefton area until the end of March 2015. Future commissioning arrangements are currently being considered.
- 3.6.9 The Oxfordshire Serious Case Review recommended for each agency to provide to the Local Safeguarding Children Board evidence of its supervision policies and how the agencies ensure they are effective. Supervision of staff will form part of the CSE qualitative audit currently being undertaken regarding young people who have been subject of a repeat Multi Agency Child Sexual Exploitation Plan.

# 3.7 Prosecute

- 3.7.1 All Police Operational Officers in Sefton have completed an interactive IT CSE awareness course.
- 3.7.2 All reports of violence and Sexual Crime are 'screened' by an experienced Detective Sergeant. Resource has recently been invested in a specialist CSE Detective Sergeant, who is taking responsibility for the CSE and Missing Police Officers and specialist CSE investigating Police Officers.
- 3.7.3 The Oxfordshire SCR made a recommendation for the Local Safeguarding Children Board to seek assurance from the Police about progress on recording crime related to sexual offences. The Police are required to provide regular reports to the Local Safeguarding Children Board CSE and Missing Sub Group as to disruption and investigative activity which has been undertaken to safeguard young people from CSE and bring offenders to justice.
- 3.7.4 Actions undertaken by Merseyside Police include:
  - Intelligence and flagging the Multi Agency Child Sexual Exploitation Panel collates CSE intelligence and ensure analysis of this is undertaken to inform police disruption and investigations.
  - Police Briefing Sheets All operational Police Patrol Officers in Sefton receive a briefing on CSE and missing before they go out on patrol. This identifies key areas and individuals of concern.
  - CCTV Regular briefings are provided to CCTV operators re: areas of concern, victims and suspected perpetrators.
  - DNA and other forms of forensic examination and investigation.
  - Financial investigation
  - Home visits

- Patrol tasking, particularly around city centres, takeaways, taxi forms, Children's Homes and Schools.
- Multi-Agency Protection Panel Arrangements (MAPPA) referrals are made regarding high risk perpetrators.
- Search Warrants and analysis of technological devises and social media.
- Disruption interventions for example, Harbourers Warning Notices.
- 3.7.5 The Oxfordshire Serious Case Review recommended that the Local Safeguarding Children Board collaborate with the Crown Prosecution Service. This is an action in the Sefton Local Safeguarding Children Board CSE Strategy Implementation Plan that has a deadline of July 2015 for completion.
- 3.7.6 The Key Performance Indicators that have been agreed for commissioned providers ensure a clear expectation for agencies to provide intelligence of CSE concerns to inform Police investigations.

# 4. Conclusion

4.1 Learning from the inquiries and inspections referenced continues to be added to the Local Safeguarding Children Board CSE Strategic Implementation Plan. The LSCB Strategic Implementation Plan is available and the LSCB CSE Strategy on a Page is attached (Appendix 2).
