18<sup>th</sup> March 2017

Dear Mr Street

I am in receipt of a letter dated 7<sup>th</sup> March 2017 from Sarah Kemp, Executive Director, Sefton Council about discussions concerning the change of ownership of land by Sefton Council north and south of Lifeboat Road to the National Trust.

I live within the area earmarked for transfer and I am pleased to say that I have no problems regarding these changes. I would however say that I believe the majority of this area is Green Belt so it would be unlikely that there could be any substantial development.

Yours sincerely

Mr J R Settle
