1. Introduction/Background

- 1.1 In 2016/17 the Fostering Service has continued to develop and improve practice to meet the needs of children/young people looked after by Sefton and address the requirements of national guidance and fostering standards.

The remit of the Fostering Service is highly circumscribed by legislation and regulations. The Children and Young Persons Act 2008 and the Fostering Services (England) Regulations 2011 are the primary sources of legislation that guide fostering practice, but the service also takes account of other child care legislation such as the Care Planning, Placement and Case Review (England) Regulations 2010 and the Care Leavers (England) Regulation 2010.

When a child/young person becomes looked after, it is one of the most important and significant changes in their life and it is critical that the families who look after these most vulnerable children/young people through foster care are the best they can be. Sefton Council wants to create a fairer future for our most vulnerable children/young people and their families; we want every child/young person to grow up in a safe, stable and loving home. For those young children who cannot remain or return home safely to their birth families, good quality foster care offers them the best opportunity to experience a warm and loving family environment while appropriate plans are made for their future.

The aim of the Fostering Service is to provide high quality care for children and young people in safe, secure and nurturing families by means of recruiting and developing highly skilled foster carers.

Sefton currently has 86 mainstream fostering households, comprising of 70 couples and 16 single carers, with a total capacity of 130 children placed in short-term and long-term placements a number of these places are not currently available at the end of March 2017. This has been explored and we have developed a plan to make better use of the available capacity and to monitor this more regularly. There are 58 **Connected persons**/ kinship households, 96 carers, 38 couples, 20 single carers. Sefton foster carers do a good job in supporting children and young people who do not move placements frequently as a rule and they stay with their carer(s) until either the outcome of care proceedings or the care plan is for them to return to the care of birth parents.

The Annual report details the activities in 2016 – 2017.
