

Primary Care Networks in Sefton

Tracy Jeffes & Jan Leonard
Director of Place
December 2019

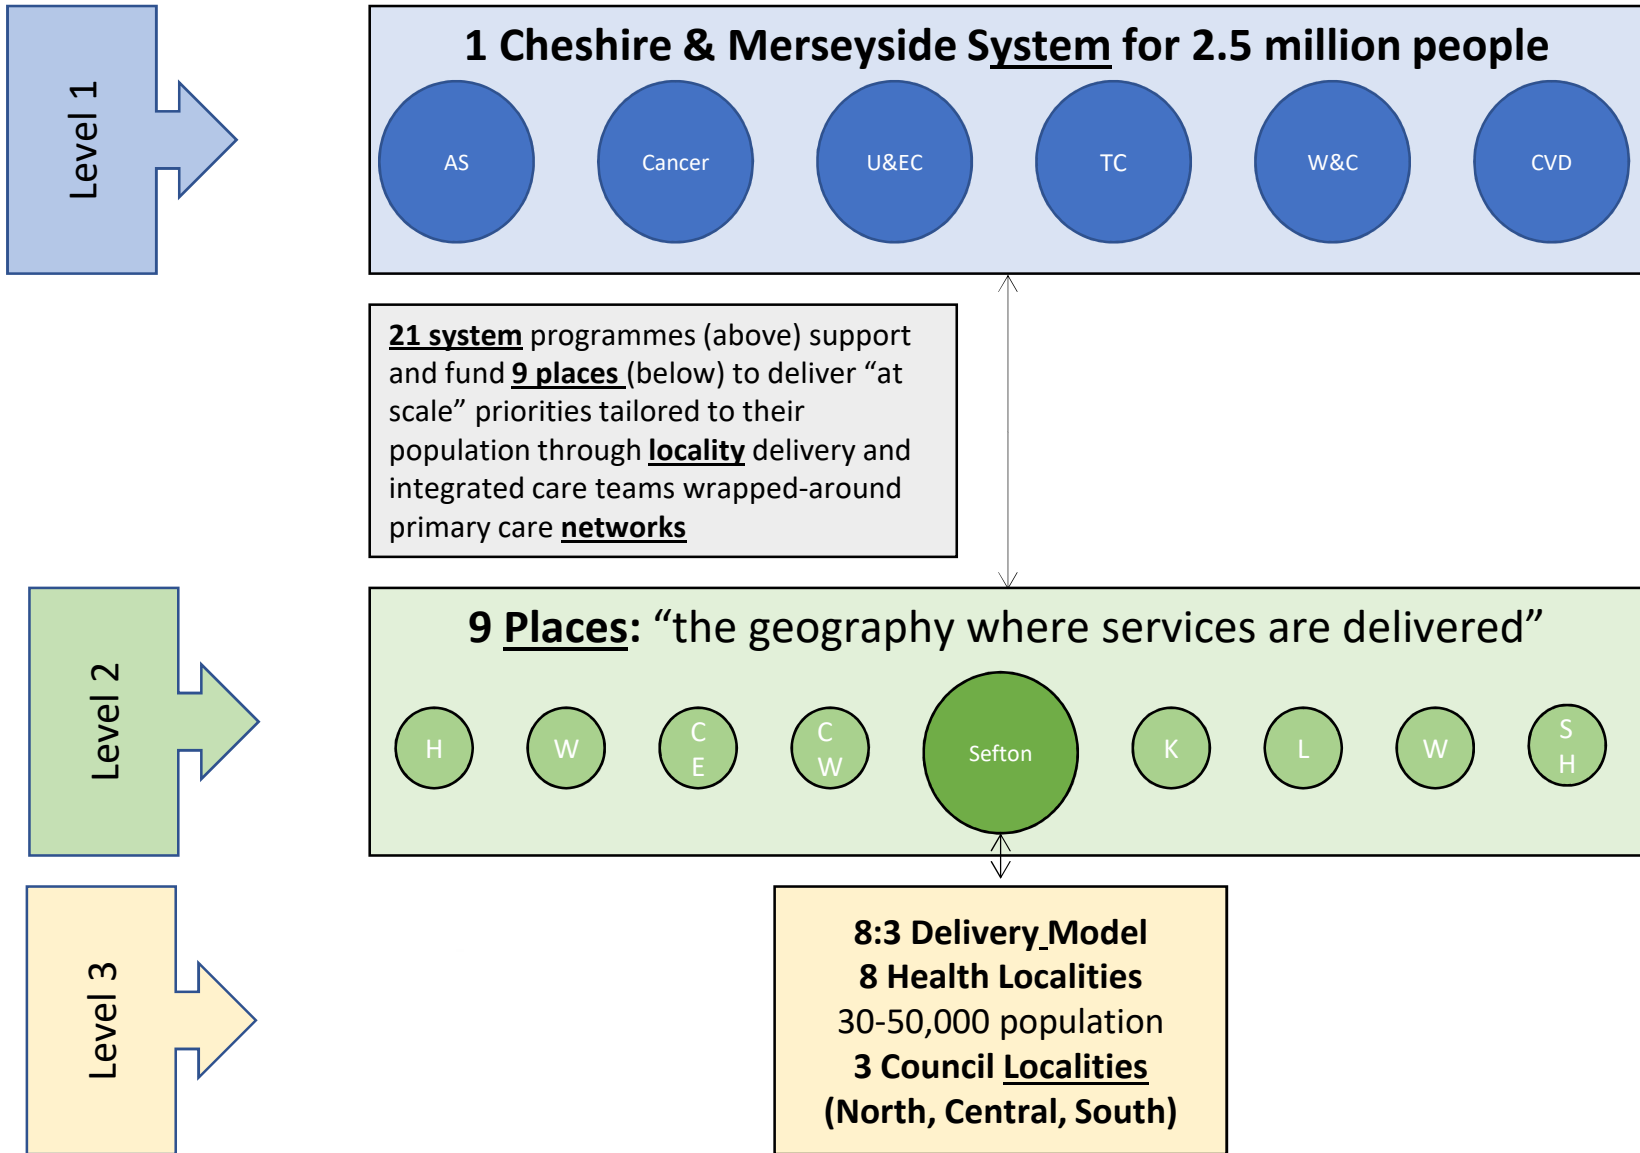

Staying **local & together**
together with you

This update will cover

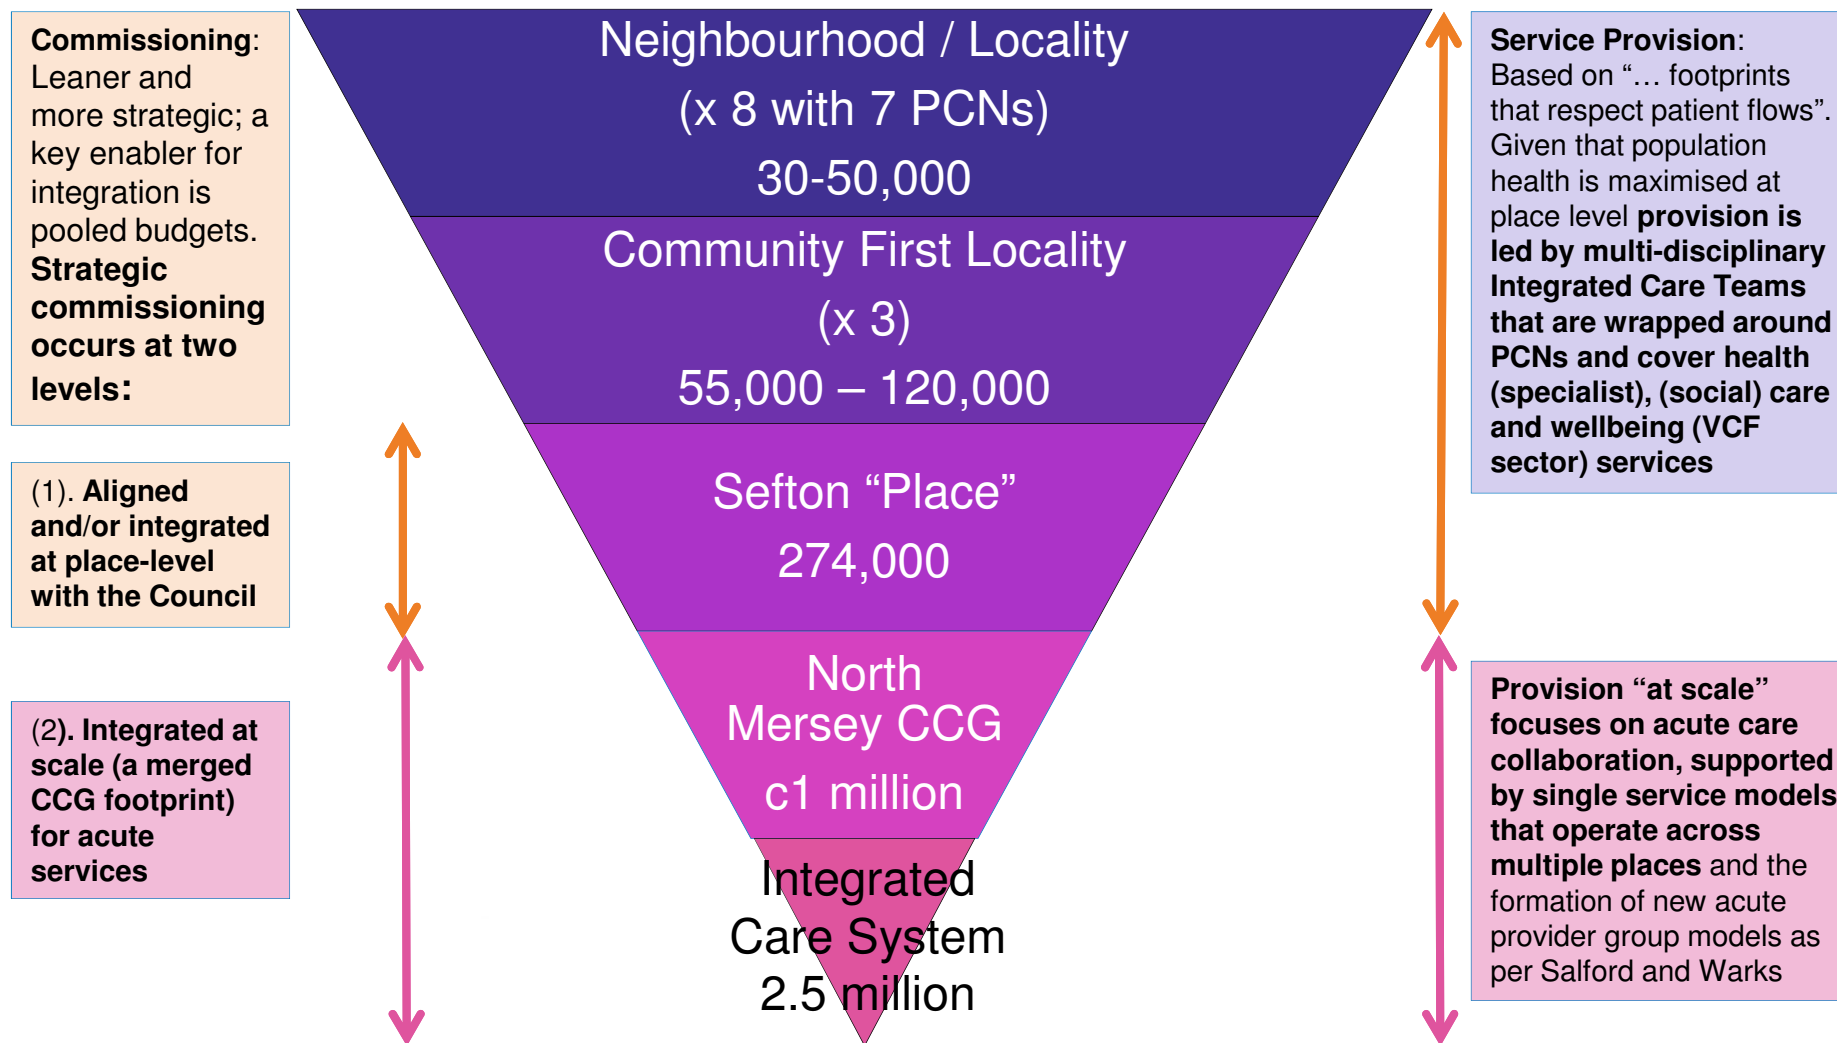

- The context of PCNs in the system
- What are Primary Care Networks? (PCNs)
- National Policy for PCNs
- PCN relevance to local plans & priorities
- PCNs in Sefton
- Initial Priority Areas

Policy and delivery remain focused on three levels:
(1) C&M "System" (2) Sefton (3) Networks

A possible future landscape for Sefton

A confident and connected borough - future health, care and wellbeing in Sefton

Health, care and wellbeing services are joined-up, with many provided in local communities. Empowered people make positive changes to their lives and it is easy to get the right support in the right place first time and they live longer, healthier and happier lives as a result. There has been a reduction in health inequalities and key identified needs have been addressed

SEFTON2GETHER

Healthy behaviours and lifestyles*

Early Intervention, Self-Care and Prevention: coordinated and seamless healthy living.

Health, care and wellbeing services offer **prevention and early intervention services** in partnership with **voluntary, community and faith sector services**.

Mobilised communities are empowered to actively engage in self-care and wellbeing for **all ages**. **Integrated intelligence systems** support self care and prevention; 'make every contact count' is embedded and enables risk stratification for targeted and personalised services.

Integrated health and care system*

Primary Care Networks are part of a multi-disciplinary and multi-agency **integrated care team** across all **health, care and wellbeing** providers with a **digitally enabled single point of access** and targeted care coordination supporting geographies of 30-50k population, with **GPs as the senior clinical leader** and an overseer of patient care.

People know what **local services** are available to access for **any urgent needs** and will have access to **care navigators** to help them access services. People will experience **seamless care between the hospital, community and primary care** with integrated services making sure they are home and accessing community care as quickly and as safely as possible. Services are available closer to home and outside of the hospital setting wherever possible with **Integrated Specialist Teams**.

Optimised acute care

Urgent & Emergency Care and Planned Care are focussed on whole pathway optimisation for physical and mental health and people only **attend hospital when they need inpatient or specialist outpatient care**.

People can access to **acute services** which will provide quality services that meet **national standards**, achieve **best practice** and deliver the **best possible clinical outcomes**. This, in most cases, will be **delivered locally**, but for **some areas this may be further away** to ensure the **best possible expertise, facilities and care** are available.

 **21st Century digital and technological solutions**

 **An integrated trained flexible workforce supports care delivery; system leadership enables empowered teams to work 'without walls'**

 **Financially sustainable and working to a capitated budget maximising the Sefton £**

 **Whole system optimised estates across Sefton**

 **System level coordinated communication and engagement**
